No siempre es posible, ya que parte de los callejones a menudo se alquilan para competiciones, y el resto de ellos eston completos. Teniendo en cuenta la gran demanda, no es sorprendente que el personal se muestre aburrido y no muy amable. De lo contrario, los callejones eston en buena forma, lo que permite una práctica decente del juego.... Fecha de la experiencia: febrero de 2018Ariyan J esciibi una opinion (ago. 2016)1 contribution5 teenagers forced by the head of the bowling centre! First experience in France and two days in a row I really loved people! But then I found this bowling center. After the games, we were informed of the payment. They even started screaming about the police, and they started cursed us, like, lying, stupid people and stuff. We literally had to pay EUR 24 more for what I do not know. In the beginning, it has already paid 33 euros. After he couldn't remember the terms, like he said, he called the police and literally forced us out with the police. He talked to them all the time in French and we started laughing and waited like innocent tourists who didn't know what it was. That's not how they treat tourists!... Experience date: August 2016mitte123 wrote an overview (August 2016)Amsterdam, Netherlands3 contributions1 useful vote This place was terrible. We were five teenagers bowling. We were forced to pay €24 extra euros so we could play another 5 minutes without knowing it. After being misinformed and super assaulted, he even called the police. I told them I was mistreated. The director literally: I don't care, it's not my problem! It's a terrible experience! I don't recommend this world!...
