The game features 3D graphics along with a unique tactical gameplay in fiery battles and novels that have attracted millions of open gameplay around the world. Now Clash of Clans (CoC) is one of the most popular strategy games of all time, the game received huge reviews from game-players and is one of the most revenue-earning games on Appstore and Google Play. If you're a loyal fan of the tactical genre, Clash of Clans is a great choice. Construction, defense & attackIn the game you will start with a land, where with the available resources you will have to build your own kingdom, build buildings, recruit soldiers. The game offers many defensive works such as traps, watches, mortar and walls... These buildings can be updated to become more powerful, helping you fight attacks from monsters and other players. Each player has another way to upgrade, you can think for yourself or refer to the experience of famous players. After building defensive buildings, you can now recruit soldiers. Clash of Clans has my variety of soldiers, warriors, swords, wizards and even dragons... Also defensive buildings, soldiers can also be upgraded to increase their strength in combat and defense. Not only will you help defend the trenches, soldiers are also the main force that you can use to occupy the lands of other players or can do missions to destroy monsters in (campaign) mode to earn fame points and gold coins. The part where I find the most attractive. Clash of Clans game is the time to take troops to attack other players. You have to follow a specific tactic, requiring certain calculation wisdom to be able to win. In other words, Clash of Clans is not a game that the rich will win. You can be friends with other players, your friends, or join United to ask for help when you are attacked with trouble. Your company sends reinforcements to help and be able to communicate and attack backwards, it can be said that this is one of the features that makes Clash of Clans one of the most fascinating interactive games. The game also has a leaderboard to show the strength of the alliance. You have to join the alliance as soon as possible, because not only are you supported, but you can also ask for a lot of troops from the alliance. For tactical games, just a few other soldiers have made a difference.Graphics and sounds mention graphics and sounds in the game, I can share with you that nothing can be more extraordinary, the quality of the 3D graphics is very sharp, in addition to the live, attractive and very eye-catching colors you will be immersed in fiery battles. The explosive effects of landmines on battles and symphony soundtracks will make you feel like the embodiment of the game's characters.This is a private server version of CoC.
