## North surry high school drivers ed

Registration steps for driver education training surry county driver training changes - must be entered into the college driver's license updated 12/09/2020 DRIVER EDUCATION 2021 INFORMATION REGISTRATION DEADLINE - 31.5.2021 COVID-19 caused a significant change in the way we are able to offer driver training. Cabarrus County schools will offer a limited number of online driver education classes for public, private, charter and home school students who are enrolled in a school in the Cabarrus County School District. Students must be 15 years old on May 31, 2021 or until May 31, 2021, to register for these classes. The driver training course will consist of 30 hours of online classroom instruction (this includes 23 hours of theory, 6 hours of drug and alcohol training, and 1 hour of motorcycle safety training). The phase in the car has resumed with health restrictions. The phase in the car consists of 6 hours of actual driving and 6 hours of observation. Students rolling in a driver training course offered by Cabarrus County Schools will have to pay a \$65.00 fee. Parents with student accounts can make this payment on the school system's website by clicking on this K12Payment Center link. You can then click on tuition and continue scrolling down into the Driver Training category to make a \$65.00 payment fee. Enter the name of the student and the school. Parents of students outside cabarrus county schools can also pay using the K12Payment Center link, but must sign up as a guest. A \$65.00 fee may also be payable to Cabarrus County schools through a cash order or check. You will need to mail your money order or check with Robert Kluttz, Cabarrus County School, PO Box 388, Concord NC 28026 if it is accepted for an online class. A fee of USD 65.00 is for the cost of the training program for drivers and is non-refundable. Students will not be scheduled to complete in-car tuition until they receive this payment. Due to the backless vehicles caused by COVID-19 disease, instructions in the car can take three or four months after online training. The planning phase of the ride is through an instructor in the classroom who assigns students by age to driving instructors at each high school. Each attempt is to drive students by age, the oldest first. Students will be informed by phone from a driving instructor to schedule behind-the-wheel instruction. This information shall not be available in the Director's office. After completing a 30 hour online class and 6 hours of in-car instruction the student will have a North Carolina driver's education completion certificate of driving instructor. This certificate shall be submitted to the designated school official in which the student is enrolled in order to obtain a driving licence in North Carolina. Special precautions are needed at your high school to get DEC due to school restrictions. Please note that it is valid for 30 days after the date is included in dec. If dec expires, it will need to be replaced at your high school. A replacement fee of USD 5.00 will be charged. Home school students must contact the Non-Public Schools Department (919-733-4276) in Raleigh to obtain a certificate of driving eligibility. Private and charter students should be given their driving licences in the secondary school they attend. Students who have obtained both certificates and meet the age requirement can obtain temporary student permission through the DMV licensing authority. Any questions about driver training should be directed to Robert Kluttz by email only to robert.kluttz@cabarrus.k12.nc.us. 2021 ONLINE REGISTRATION CCS, Private, charter and domestic schoolchildren who wish to register for the online learning phase of driver education must fill in the registration form ONLINE. The registration form should be emailed directly to Robert Kluttz at the robert.kluttz@cabarrus.k12.nc.us. After filling in the registration form, make sure that you provide your parent and student email address, phone numbers. Private, charter and home school students will be provided with student ID# to access the curriculum using the canvas format online. DOWNLOAD REGISTRATION FORM 2021 HERE THE REGISTRATION DEADLINE IS 31.5.2021! Complete the completed registration form robert.kluttz@cabarrus.k12.nc.us by 31 May 2021. Registration forms must be received by 31 May 2021. Driver Education is an integral part of the graduated licensing process and requires a student in North Carolina to obtain a student's permit or driver's license before the age of 18. Driver Education is provided in all 115 school districts and is available to all public, private, charter, federal and home school students enrolled in the state. School districts can charge students a fee of up to \$65 to offset their program costs. The NC Driver Education Strategic Plan provides a framework for the Department of Public Instruction and stakeholders in driver training to develop, manage and implement a high quality driver training program to ensure that all young drivers are equipped with the necessary tools to enable them to safely and efficiently operate a motor vehicle on North Carolina highways. Frost may be annoying to scrape off your car, but have you ever thought about getting there? Watch the video A little chilling science:youtu.be/HBn1oSWu2nEBanish boredom with creative board games If your family has been playing the same board games since the beginning of the pandemic, your child will come up with a new one! Cover the old or worn game board with white sticker paper, then give your child some coloured marks and ask Draw a new game. Next, write her a set of rules for her game. Then play! To keep the game, cover it with a clear sticker paper. It's going to take until she's ready to come up with another one.
