WAR FOR THE STONE TO BE (vs 1-10) The stone would not be removed until all the shepherds and flocks who claim to this well have come together (Adam Clark). When Rachel finally arrives (it seems that only she was missing), the impatient Jacob moves the stone alone. This simple act of removing the stone has been repeated throughout history with a beautiful spiritual symbolism present in many important moments, such as the resurrection of Lazarus (John 11:39) and that of Jesus (Mark 16:3 and Luke 24:2). Water, friendship, love, hope, life, and eternal life are some of the blessings experienced by those who remove the stones. CRUZ STITCH (use this PC here) - What is it? Jesus not only suffered for us and died, but also rose again. It is very important to note that the stone of Jesus was not removed by men, but by the ANGEL of the LORD. Hallelujah! Through his death and resurrection, he became the author of our eternal salvation (Hebrews 2:10). 2. WAITING FOR LOVE TO ARRIVE (vs 11-20) It was seven years of ACTIVE WAITING (working hard, doing to earn the beloved woman), but these years seemed like a few days for her, for what I loved her very much. We have two important lessons here: a) Jesus said that faith is like a little mustard seed, but that it becomes the greatest of all vegetables, IT MUST BE USED TO BE CULTIVATED, CARED for (Mk 4:31-32). Don't expect the love of your life by doing yourself or sighing in front of a mirror, work, study, movement, added value for your own value.b) Only love leaves us every painful endure every burden, every suffering, whether in sentimental life, in God's work or in any other subject. (Hb 12.2) 3. 3. THE RAGE PASS (vs 21-30) After seven years in love to do his best to earn the beloved woman, to work hard without a defined salary, Jacob is deceived by Laban, his father-in-law, who invents a new rule to keep him in the forced labor regime. For Laban, his daughters were just a way to make easy money, he didn't love them (Gen 31:15)Working for Rachel was easy

because he loved her very much, but being forced to work another seven years by Lia, whom he didn't love, was a nightmare. And the blow was given in the most anticipated moment of Jacob's life, his wedding night. What was supposed to be a honeymoon turned into a terrible nightmare that would bring him, Raquel and Lia much suffering for the rest of their lives. Can you imagine the mixture of outrage and anger he experienced the next day? What about the next seven years? Remember that Jacob never saw his mother again because of this extended period. He needed a lot of patience to deal with so much anger. However, we learn that there is not as much anger as anger, it always passes by. The Bible says that the feeling of anger is not a sin (Eph 4:26-27), but warns us that it is very easy to sin while we are with it (Eph 4:26-27). The good news is that it is possible to control anger (Gal 5:22). CONCLUSION Jacob did not have much patience, so he made some wrong decisions, but from his first contact with these people to the last, God led him to mature this indispensable quality for his children. What about you, what is your patience? And how did you control your anger? First of all, Sir, make me an instrument of your peace. Above all, where there is hatred, I can take love. Discord, May I take the union. In short, where there are doubts, I can accept faith. Where there are mistakes, I may take the truth. Just like where there is insult, let me take forgiveness. Despair, May I bring hope. Sadness, may I feel joy. Darkness, may I bring the light.
