## Msa sordin supreme pro x

Sordin Supreme Topmodel. Optimized hearing with high amplification. Fully waterproof microphones. AUX inlet and waterproof battery compartment. Sleek design cups for right-handed and left-handed people. Sordin Supreme Pro X is designed to meet international MIL specifications and other extreme conditions. Excellent digital sound reproduction. The electronic design is based on our own ASIC (Application Specific Integrated Circuit) circuit and is controlled by a microprocessor. This makes it possible to combine very low power consumption with high power and instead of cutting peak sounds, it compresses them to a level of 82 dB(A). The Sordin Supreme Pro X are hearing protectors that reproduce a natural and realistic sound. You should have a perfect local ear without disturbing noise. Excellent sound quality and high amplification will make you hear even better when you wear our hearing protection. All moving components are made of steel, microphones are waterproof and printed circuit boards are painted and therefore water-resistant. 5-year warranty against water damage to the electronics. Available options: OD Green Cups with camouflage fabric headband cover. Black cups with black fabric headband cover With gel or foam ears With or without headset kit bag models also available with black leather headband covers \*The Sordin brand was recently acquired by MSA Sordin AB from a Swedish manufacturer and hearing protection specialist with over 30 years of experience in this field. The acquisition creates a global challenger with the goal of becoming the first choice for professional users with high standards of quality, robustness and technology; Read more about the acquisition of Sordin here Two separate, waterproof microphones with excellent sound quality and perfect directional listening target For 600 hours of battery life of 2 x AAA batteries AUX input (3.5 mm) for connection to hunting radio, dog tracking devices, CD players. Mono cables contain waterproof battery compartment. Flexible and shape-stable headband 5 years warranty on electronics NRR rating - 18dB view Technical specification download user manual How to change your ears How to Shape Your Batteries Cups, to both right and left hand shooter Well shielded waterproof microphones for optimal sound direction location Waterproof battery compartment Available as foldable headband or as collar AUX input allows connection to external sources, such as communication radios, dog tracking devices and mp3 player markets: construction, mining, oil & gas five-year warranty rated on electronic components IP67 Black and green cups; designed for left- and right-handed Shooter Foldable Positive, three-button volume and power control Water/Splash-proof, mikrofon Low battery warning sound functions (approx. 600 hrs. life) 3.5mm Mono Jack Plug Requires 2-AAA batteries (included) General Data Sheet: Supreme Pro Earmuffs for Hunting & Shooting We use cookies to make your experience better.
