Sold out... I sold Kyle Boa news on TVXQ! super junior . girls generation . SHINee. f(x). Exo. red velvet . NCT 127. NCT Dream. WayV. super m . These are unconseconiently the biggest names in Kay Pope with fans... Read more Posted on October 21, 2020 by Kyle Group who redefined the English dictionary last year (jumping plus appearances equal jopping, definitively) is blazing the comeback trail just as the low summer winds and autumn begins. August, yeah... Read more Posted on September 16, 2020 By Kyle Summer here and it's time to stock up on some K Fun Essentials to make sure you have everything you need to live it in style.... Read more Posted on August 31, 2020 by Kyle Oh, Summer. When you kick your feet, pour yourself a cold ice drink and put on headphones and open your wind. There's no such thing as summer... Posted on Jul 28, 2020 x 00 Days 00 Hours 00 Min 00 sec ©2020 Marvel SuperM ©2020 SM Entertainment Co.,Ltd. All Rights Reserved. Page 2 is summer here and it's time to stock up on some K Fun essentials to make sure you have everything you need to live it in style. Whether you're headed on vacation or towards the couch, here are some of my favorite pieces from SM World Store to help accent your wardrobe and highlight your love for SM artists!   NCT 127 Neo Water Bottle Area labeled | $38 Stay cool and hydrated all summer long with this beautiful blue water bottle featuring wavy 'neo-culture technology' logos in white. Suitable for daily use in adventures both near and far, the collection also includes labels from NCT 127's 2 full-length neo-zone albums that you can personalized your bottle by decorating to touch it.   BAEKHYUN 'Pleasure' Mask | $17 doesn't become more essential that this. Get a face mask that stands out this summer with this cute design adorned with smiling face graphics from Baekhyun's 2 mini-album Delight. Made from 100% breathable cotton you will be smiling all day while protecting yourself and others at the same time. Give your order today!   SHINee Story Light Graphics T-shirt – White | $20 outstanding artwork from his studio album 6, this SHINee three-way is perfect for Shawols and Fans alike. Incredibly soft and made of 100% cotton, it has a large blue-scale group image on the front and band names in puffy blue letters on the back. Pair it with denim shorts for the final summer look and you will be dancing to ding-dong rings until sunset.   EXO-SC 1 Billion Bucket Cap Views | $30 Take summer to go with this simple yet stylish bucket hat from EXO-SC's first return of 1 billion views. Whether for performance or fashion, you remain cool all season long under its sun-blocking bribe. Now the holiday mode will never end! Perfect for filming the latest dance challenge or having a picnic in the park, with this hat on you can't go wrong.   Red Velvet Love Good Luck Troll Summer Mini Denim Mulberry Bag | $32 each requires a sturdy berry bag for summer. Whether it's a beach, a friend's house or even a job, you can fit all your essentials inside while repping Red Velvet's first feature film eye. Its '80s delicious graphics are sure to give some retro vibe (yes I had a troll doll), and its eco-friendly construction means you're helping towards a better future too.   Whether you have your hat accent, bag, or jacket, getting the NCT enamel pin will really pop it. These high-quality pins, an exclusive product of butter, come in a variety of designs and with bright summer colors. Choose your favorite or get a couple to mix and match and show your love for neo culture technology!   Red Velvet Bad Boy Clutch with Make Up Bag & Keychain | $25 get 2-for-1 with this stylish clutch and makeup bag featuring red velvet typography. Multifunctional, whatever you choose to carry in it, you'll undoubtedly be ready for the red summer. The metal zipper means everything remains intact and the wrist strap adds both comfort and style.   Superm Group Slogan Fabric | $18 redesign project this summer? Go to your bedroom makeover and hang this superM smoldering slogan as pièce de résistance. Super soft and in high quality reflective film prints, you will be Jopping all day looking at these faces. Perfect for cheering at concerts (at home or in person) too!   Super Junior Player Daddy Hat with Long Strap and Ring | $25 that summer sun is not a joke, so no perfect outfit is without a 5-panel hat to help prevent radiation. I love the yellow curse font and the long embroidered rings and straps give it a fashionable talent. Add sunscreen and shades and you turn heads on the street wondering who that famous person is.   NCT Dream 'Reload AirPods Case with Unique Photo Postcards | $28 never fears losing your headphones again with this sleek NCT Dream AirPods case. With your red and blue star key chain added for a shine, you'll make sure to go on this summer, listen to 'Ridin' wherever your music wins! What to write on the bonus postcard? Wish Heard.   Did you find something you like? Rep SM World Store all day every day and make sure to label us on your own. We always add new and unique mercches to our site so be sure to check out soon. And most importantly, a fun, safe and musical summer of desire!   Send download links to scan your phone to download IR Center SM Line, a professional container shipping company, thought customers trusted first! Global Office - Continent - Asia North America - Country - Office - Complexity: Beginner developer in order to refer to the action as expected, we need to be able to get your deals. If you are using the cart platform that we do not currently integrate with, you should implement our tracking solution on your website manually. Our tracking is not very complicated and is similar to how Google Analytics is installed. You must complete the steps below to install. Includes a JavaScript code per page on your site so that we can track your affiliate visitors. Report each order to us either on the thank you page or via Webhook (for more advanced developers). For most of our APIs you must identify your account with your unique referral of the generic API and/or secret key. You may see or create new API keys right from your account settings. Please copy/paste the following code on any page on your website where you expect your affiliates to drive traffic. Make sure it inserts the code into your HTML just before the tag. In order for us to calculate each indebted commission, every order must be reported to us. You may do this in one of two ways: For this type of tracking, you need to add the code to your thank-you page or confirmation. This will be the page that all customers will be redirected to once their order is completed. Below is the sample code that you should use as a start template. Within this code, you need to insert customer transaction information dynamically from the relevant order. We added some bogus order information for your reference, not all data is required, but all is recommended. A description of each string is available at the end of this article. For best performance, put this code in your HTML just before the tag. In order to function properly, the click tracking code described in step 1 and this code must be executed at the same domain and security level (http/https). CODE <!-- REFERSION TRACKING: BEGIN --> <script src=//www.refersion.com/tracker/v3/pub_0123456789DEMO.js>>/script><script>></script>>/sku': 'XJ66778', 'quantity': '3', 'price': '50' }); _rfsn_.addItem({ 'sku': 'MP39592', 'quantity': '2', 'price': '1000' }); _rfsn_.sendConversion(); }); One <!-- REFERSION TRACKING: END --> Another way to report commands to us is by creating Webhook. Usually this option requires a greater amount of development work than you will be sending order information to us directly from your server. There are two requirements for this implementation: send cart_id using a short JavaScript code on your thank you page so that we may reference any future Webhook reported to the meeting. An HTTP POST of actual ordering information from your cart_id cart_id, which contains previously reported information. However, since Webhooks is reported from the server side and not the browser side, we cannot access the relevant client meeting information. For this reason, we use cart_id value as a shared IDENTIFIer that we can refer to. We ask you to report cart_id on your thank you page where we store session information and then a second time on Webhook so that we may link it with the above browser session of JavaScript calls. This cart_id any string value may be up to 255 characters. For security, make sure cart_id is not an or some order or may easily be guessed, such as a meeting ID or an encrypted version of multiple strings. Report cart_id please copy/paste the code below to thank you or your confirmation page. This will be the page that all customers will be redirected to once their order is completed. Your code <!-- REFERSION TRACKING: BEGIN --> <script src=//www.refersion.com/tracker/v3/pub_0123456789DEMO.js>>/script>><script>> _refsion(function(){ _rfsn_.addCart('YOUR-CART-ID); }); </script>> <!-- REFERSION TRACKING: END --> You should replace YOU-CART-ID with cart_id value. Please make sure to include double quotes. You Refersion API keys (public and secret) should be sent in the header. Below is an example of what we expect. { cart_id: DDXqfBngTWuX8N8Asqr2mY3RkmHCDMdM7Vz6mdHkjwrEn5zyRY, order_id: 20150401102883, shipping: 9.99, tax: 0.57, discount: 2.25, discount_code: HOLIDAY1, currency_code: USD, customer:{ first_name: John, last_name: Doe, email: , ip_address: 234.192.4.75 }, Items: { Price: 5.50, Quantity: 2, sku: PROD_A, Name: Product A}, { Price: 10.. 00, Quantity: 1, sku: PROD_B, Name: Product B}, { Price: 15.00, Quantity: 3,PROD_C, name: Product C } } To deliver this data to you must send it via an HTTP POST. Below is example PHP code using cURL. <?php // Complete information you send $order_data = array(...); Delete data for demonstrations // Convert array to $json_data = json_encode($order_data); the address you are sending to $url = ' '; start cURL $curl = curl_init($url); Check that our SSL is enabled (for added security) curl_setopt($curl, CURLOPT_SSL_VERIFYPEER, TRUE); Post as a curl_setopt($curl, CURLOPT_CUSTOMREQUEST, 'Post'); The organization's curl_setopt $curl CURLOPT_POSTFIELDS $json compiled curl_setopt $curl CURLOPT_RETURNTRANSFER(real) page to friendly curl_setopt($curl, CURLOPT_HTTPHEADER, array) 'Content Type: Program/Length', 'Content-Length: 'strlen($json_data), 'General Key Reference: You General Key', 'Referral-Secret Key: Your Secret Key');); seconds (30) before curl_setopt($curl CURLOPT_TIMEOUT, curl_setopt$curl CURLOPT_CONNECTTIMEOUT, 30); Run posts, record responses (if any) and $result curl_exec($curl); $status = curl_getinfo($curl, CURLINFO_HTTP_CODE); Close curl_close($curl) connection;
