The foundations of chinese medicine pdf download

Chinese medicine, including both ancient literature and contemporary books. He benefits from the author's extensive experience in clinical practice in the West and his training in China. An in-depth understanding of the principles and theories of TCM allows the author to explain this complex ancient healing system in a way that Western students understand. I recommend this book to anyone who is interested in studying TCM systematically, especially those who intend to develop a career in akupunktura. R Guo, Exeter, United Kingdom About the author Giovanni Maciocia is one of the most respected and respected authors and lecturers in the West. He is an associate professor at the University of Traditional Chinese Medicine in Nanjing and has many years of experience in teaching and practice. Giovanni trained initially in the UK and then in China, learned Chinese to learn from original Chinese texts and was one of the first practitioners and authors to bring Chinese medicine in a clear and accessible way to the Western student audience. Giovanni Maciocia is the author of other bestselling books printed elsevier Churchill Livingstone - Practice of Chinese medicine: Treatment of diseases with acupuncture and Chinese herbs, 2e (ISBN 978-0443074905), Diagnosis in Chinese medicine: Comprehensive guide, 1e (ISBN 97804443064487), Acupuncture channels: Clinical use of secondary channels and eight extraordinary vessels, 1e (ISBN 9780443074912), Psyche in Chinese Medicine: Treatment of Emotional and Mental Disharmonies with Acupuncture and Chinese Herbs, 1e (ISBN 9780702029882) and Obstetrics and Gynecology in Chinese Medicine, 2e (ISBN 9780443104220). Hard round: 1320 pagesPublikariz: Churchill Livingstone; 3rd edition (July 27, 2015)Language: EnglishISBN-10: 0702052167ISBN-13: 978-0702052163 Product dimensions: 2.2 x 7.5 x 9.8 inches Shipping Weight: 6 pounds (See shipping rates and rules) Bestseller item: #61,588 Books (See Top 100 books) #18 in Books > Textbooks > Medicine & Health Sciences > Medicine > Special Topics > #54 History in Books > Textbooks > Medicine & Health Sciences > Alternative Medicine #62 in Books > Medical Books > History I Love This Book! Brighter colors and white pages make a difference in the world for this book! Unlike the previous edition, it makes it much easier to read on the eyes All the same amazing information and then some! Must have!!! I have all of Maciocia's books and in this release I prefer the Kindle format. Excellent book as always.
