Carquest 85551 filter cross reference

TESTIMONIALS At this time we use Baldwin filters, but would be more than happy to use yourself for all our future filter requirements if the service last time was brilliant! With this in mind you send me an account form please? Chris P Hi Kerry, Apologies for the delay in answering I've been on vacation. The price on this quote was excellent - I will pass your details on. Matt Thanks Neil, your services have been great this year. Would be good to catch up in the New Year if possible James I would also like to take the opportunity to thank you for your continued support and good service throughout the year, and hope this continues into next year and beyond. All the best, Steve Hello, received free morning, excellent service and many thanks. Tim Hello Paul – The filters for my down-draught grinding couch came out yesterday. Perfect fit! A huge thank you for sorting this out for me. Very, very much appreciated. Keith I've been sending more and more questions through to you, purely because you seem to care and will always respond – with relevant questions or questions related to my research. I put you forward when quoting, even if a few pounds more, because I know you will deliver as expected, on time and I don't have to worry. Anon Morning Paul, thanks for that. My only annoyance at your prices is that it took me so long to find your company. Will Good morning Neil, I want to thank you all for your help and professional service last week, it was an absolute delight. Mark After first using Alexis filters because our previous supplier could only provide a specific filter, 4 years later I am proud to say that we never looked back. The service and technical support we have received has been brilliant. Neil and the staff are always welcoming and any questions are immediately dealt with with regular updates. We find that no one can match Alexis filters quality, service and price. Great company with great customer service. James BLS Brilliant! Do you want a job I can do with someone as efficient as you?!! Your business is very well organized. Ange I switched to ALEXIS FILTERS about 4 years ago when our previous supplier changed brands. Since then, the staff has helped with the transition to DONALDSON, a quality product. They have been very helpful and the service is very good especially at short notice requirements usually with what we need in stock! Chris Adaptable Thank you very much..... you have done a great job and it is much appreciated! I will definitely come to you in the future as I ask yet another filter Thanks again thanks for your hard work! Lee Discovering Alexis Filters from a friend's recommendations was always a good one Neil and all his team are always very friendly and and to help in any way they can. If a problem arises it is quickly and smoothly sorted without hassle what so ever. The products they supply are always top quality. One of the best things I've found with the team at Alexis is the passion to find the right part to do the job, even if it's just from a photo or some measurements, they will very quickly filter the filter you need! In a world where cost matters Alexis never fails to keep costs down. I couldn't be happier with the service I've been given from them, I'm looking forward to working with them for many years to come! Thanks guys! Matt H East Yorkshire Forklifts have been using Alexis filters since the beginning of 2014. Over time, the business relationship has grown. The service we get is second to none, quick replies to emails and filter search requests. I would and have advised Alexis filter to other companies.
