Michigan transfer agreement schoolcraft

Michigan Transfer Agreement History In 2012, the Michigan legislature included language in the community college appropriations bill that focused on improving the transfer of core college courses by revising the current Michigan Association of Collegiate Registrars & Admissions Officers (MACRAO) deal, and rename the Michigan Transfer Agreement. U-M Policy on Implementing the Michigan Transfer Agreement The University of Michigan supports the principles set out for the Michigan Transfer Agreement (MTA) published in February 2014. We value the transparency and student focus that under the agreement. The University of Michigan does not have a general educational requirement. Courses in the MTA block will be individually evaluated for their role in meeting degree requirements as described in the MTA implementation manual. The University of Michigan will evaluate individual courses in the MTA block for transfer, and if the transferable will place these courses on a student transcript as transfer credit. Michigan Transfer Agreement To comply with the Michigan Transfer Agreement, students must complete at least 30 credits, with at least 2.0 in each course. These credits, which will be certified by a Michigan community college, should be fulfilled according to the following distributions: 1 course in English composition A second course in English composition or 1 course in Communication 1 course in mathematics from one of three paths: College Algebra, Statistics or quantitative reasoning 2 courses in social sciences (from two disciplines) 2 courses in the humanities and arts (from two disciplines except studio and performance classes) 2 courses in natural sciences including one with experience laboratory (from two mta course information Below, we describe MTA courses by sending institutions. These courses have been evaluated to adapt to the distribution requirements of the College of Literature, Science and The Arts (LSA). Other schools and colleges have different requirements in relation to the transfer of MTA course credits, and different requirements in relation to courses required for admission. Please read our requirements and deadlines (add link). With more than 140 transfer agreements with community colleges - more than any university in the state of Michigan - Eastern Michigan University has long been considered the most transfer-friendly school for community college students. The Michigan Transfer Agreement (MTA) was ordered by the Michigan legislature in the fall of 2014 to replace the MACRAO agreement. The MTA allows the transfer of 30 credits of core general education courses from a Michigan community college to a Michigan baccalaureate college or university. Students can complete the MTA as part of an associate degree or as a standalone package. MTA courses are approved by the community The Michigan Transfer Agreement (MTA) meets the EMU's general education core requirements listed below: Effective communicationQuantitative reasoningKnowledge of the disciplines (art, Humanities, Science and Social Sciences)Transfer students with an MTA approval on the transcript, only need to complete the general education requirements below: An approved Perspectives on a diverse world course (can be transferred)An approved learning beyond the classroom (LBC) course or experience completed on EMUOne writing intensively courses in the student's major, completed by EMUThe MTA can be completed after initial enrollment at EMU. Students should tell their counselor that they intend to complete the MTA to get the right advice. For information about migration without MTA approval, see emu's general education requirements and general education transfer guidelines. The MTA applies only to the general education program and does not exempt students from meeting the requirements of their large, smaller or program. To find out if any requirements for your intended major, smaller or program can also satisfy the MTA, see EMU lower directory. Minimum requirementsStudents must complete a minimum of 30 semester classes in courses selected from the following categories:One course in English compositionA other course in English composition or communicationA course in mathematicsTwo courses in social sciences from different disciplinesTwo courses in the humanities and art from different disciplinesTwo courses in natural sciences from two disciplines (one laboratory science required)Additional courses in any category above to satisfy a minimum of 30 credits. A minimum of 2.0 is required for each course. Students can use courses transferred from more than one college to satisfy the MTA, including courses completed at EMU and transferred back to community college. See your community college website for a list of approved courses to complete the MTA. Students must have their transcripts evaluated and approved as MTA Satisfied by a community college. Check with your community college registrar's office or consulting office to find out how to request an MTA transcription evaluation. You can also find MTA Curriculum Planning spreadsheets [PDF] useful when choosing MTA courses using the list of approved courses offered by community college. Mitransfer.org/Michigan Transfer NetworkMitransfer.org is the new website for Michigan Transfer Network. The Michigan Transfer Network allows students to apply for courses between Michigan colleges and universities. Mitransfer.org contains a lot of information for transmission in the state, including the FAQ on transmission and links to individual community colleges with transfer information, including the MTA. MACRAO Transfer Agreement students will no longer be completed as of autumn 2019. If you started working to complete the MACRAO transfer agreement earlier and were not completed, discuss with a college or university counselor about how to complete the Michigan Transfer Agreement (MTA). Institutions that accepted the MACRAO transfer agreement earlier should continue to accept it from students who completed the requirements before autumn 2019. The following information is provided for historical reference only: the MACRAO Transfer Agreement was designed to facilitate transfer from colleges to baccalaureate colleges and universities. It provided the transfer of up to 30 semester credits to meet many (and in some cases all) of general education requirements at participating Michigan four-year colleges and universities. Students could complete the MACRAO Transfer Agreement as part of an associated degree or as a standalone package. Once the specified set of courses was completed, the courses were transferred and applied to meet the general educational requirements of the four-year college or university. While many Michigan colleges and universities honored the MACRAO Transfer Agreement, some participated in a more limited way. At least 30 semester hours of coursework were needed at one of Michigan's participating community colleges. The courses needed to satisfy MACRAO requirements were as follows: English Composition - 6 credit hours Science and Math - 8 credit hours (Courses must be taken from at least two disciplines. At least one science course must include a laboratory.) Social Sciences - 8 credits (Courses must be taken from at least two disciplines.) Humanities - 8 credit hours (Courses must be taken from at least two disciplines.) When the course requirements for fulfilling the MACRAO migration agreement were completed, the student requested that their transcript have the MACRAO Transfer Agreement Satisfied notation added. Some community colleges demanded that the student initiate a formal request to have the MACRAO notation added. Students should check with the registrar's office at their community college about the procedure to follow. Provisions, limitations and exemptions Not all colleges and universities in Michigan participated in the MACRAO transfer agreement; some participated fully and others participated with various limitations and/or provisions (also known as provisos). The agreement applied only to the colleges and universities that participated in the agreement. To learn about the institution's level of participation, students should contact their community college counselor or counselor and an admissions

representative from the institution(s) where they consider participation. A complete list of participating institutions and provisos can be found below. It is a list of institutions and their provisos in relation to the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) Agreement between two-year and four-year institutions. All students are strongly encouraged to contact a representative at the following institutions for more detailed information before transferring. Public and private two-year colleges Henry Ford College (last updated September 29, 2014) . Kirtland Community College (last updated 29.05.2018) Students must take one course before they can request prints. For further information about transcripts, please contact the registrar's office at 989.275.5000, ext. 251 or online on . Students interested in getting the MACRAO agreement satisfied stamp on the printout must request an evaluation. Transcripts of Kirtland Community College students graduating with a transfer degree will automatically have the MACRAO Agreement Satisfied designation added to the end of the transcript. Courses used to meet the MACRAO certification must have grades that are 2.00 (C) or higher. At least fifteen (15) hours of Macomb Community College credit must be used to meet the Macomb Community College MACRAO Satisfied stamp. For more information about transcripts, please contact the Registration Office at 586.445.7225. As of 01.08.Students interested in getting macrao agreement satisfied stamp on their printing must request an evaluation. As of December 1, 2010: Students must complete ENG 101, 102; 8 credits or more in each humanities, Sciences (one course must include a laboratory) and social sciences areas. The 8 hours in each of these areas must consist of credits from more than one discipline within each area. For example, to complete the science requirement, a student should choose one course from mathematics and one from biology; student cannot select two courses in Mathematics for a total of 8 hours. Schoolcraft College will issue macrao designation if a student completes ENG 101 and 102 on a quarter hour system and does not meet 8 credit hours due to quarter to semester conversions. We will not grant exceptions to the 8 hours required in the humanities, science or social sciences due to quarter hour to credit hour conversions. Students working to obtain the MACRAO designation for their Schoolcraft transcript must earn at least half (15 credit hours) of MACRAO's current course at Schoolcraft College. Courses used to meet the MACRAO certification must have grades of 2.0 or higher. Some used topics cannot be used to satisfy MACRAO. Contact the advisory centre at 10:00. Students interested in getting the MACRAO stamp on the transcript must request an evaluation. Implementing the requirements of the MACRAO transfer agreement does not necessarily mean that a student met the requirements of a specific Southwestern Michigan College associate degree; to meet MACRAO a student must complete at least 30 credits of which at least 3 credits are from an academic course taken on SMC. Students at Southwestern Michigan College graduated with an Associate of Arts or Science degree will automatically have the MACRAO Agreement Satisfied designation posted on their transcript. All other students who wish to have their transcript evaluated for the MACRAO Agreement Satisfied Stamp must make a formal request. For more information, please contact the Registration and Registration Office at 269.782.1351 or online . Students interested in getting the MACRAO agreement satisfied stamp on the printout must request an evaluation. Please contact District Records Office: (313) 496-2631 or visit the website: . MACRAO agreement Students who started at a community college before the fall of 2014 will have until the end of August 2019 to have their transcripts evaluated by a community college for the MACRAO agreement. Eastern Michigan University will continue to accept the MACRAO agreement with the following provisos: An approved quantitative reasoning course (unless waived by an ACT math sub-score of 28 or SAT math subscore of 670); An approved perspective on a diverse world course (can be transferred from another college); An approved learning beyond the Classroom (LBC) course or experience completed at EMU. An approved Writing Intensive course, to demonstrate the application of written communication skills within the Major Michigan Transfer Agreement (MTA) Michigan Transfer Agreement (MTA) meets the EMU's General Education Core Requirements.Transfer students with an MTA approval on the transcript, only need to complete general education application requirements: Perspectives on a Diverse World Demonstrate - the application of learning in either global awareness or U.S. Diversity by completing one course, which can be transferred as part of MTA Learning Beyond the Classroom - Demonstrate the application of classroom knowledge and gain practical experience in settings outside the classroom, which must be completed while at EMU Writing Intensive - Demonstrate the application of written communication skills in the major, which must be completed with an EMU-approved writing intensive course. ACADEMIC AFFAIRS POLICY FACILITATES GENERAL GUIDELINES FOR THE TRANSFER OF EDUCATION Applies effective: In the fall of 2010The Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) Transfer Agreement applies only to students entering bachelor's degree programs at Ferris State University, applies exclusively to general education, and does not exempt students from meeting specific prerequisites and/or course requirements for their degrees. Only courses with a grade of C (2.0) or Transferred. Students transferring to Ferris State University with MACRAO will have met with lower division general education communication expertise; scientific understanding; cultural enrichment; social awareness; race, ethnicity and gender; and requirements for global awareness. To complete the general educational requirements for a bachelor's degree, students with MACRAO must continue to complete top-level math and communication requirements. Many degrees require specific courses and required courses that also count for Ferris State University general education requirements. Because these specific courses are necessary for the degree, they must be taken even if a student has sufficient coursework to complete the MACRAO agreement. Individual college requirements or programmatic requirements replace these general guidelines for transferring education. Students who have the MACRAO agreement will have fulfilled the Foundation's course, freshman composition and a supplementary writing skills course. Students must demonstrate proficiencies in mathematics and will be required to take two cultural classes, which can be fulfilled through MACRAO. Lake Superior State University has no provisions for the MACRAO agreement. Students should follow integrative studies requirements instead of MACRAO. Transfers under the Michigan Transfer Agreement (MTA): Students transferring to Northern Michigan University from a Michigan community college that has the Michigan Transfer Agreement Satisfied posted on the transcript will be deemed to have met the requirements of the NCU's Liberal Studies/General Education program. Students will still be expected to complete all other degree requirements, including exam requirements (world cultures, health campaigns and lab) and any courses listed as Other Compulsory Courses that may also be Liberal Studies/General Education courses. Transfer students who do not complete the entire course block required by the MTA will be credited with the courses they complete on the basis of individual evaluation and established transfer activities. Transfers under the MACRAO agreement: Students transferring to Northern Michigan University from a Michigan community college that has the MACRAO stamp on the transcript have typically completed the first four divisions (or equivalent) of our liberal study requirements that include the basis for communication (Composition I and II), the foundation of the humanities, the foundation of science and mathematics, and the foundation of social sciences. NMU takes a best-suited approach to using transfer credit that can, for the benefit of the student, use credit for a different claim than the four mentioned above. NMU applies courses transferred in accordance with the MACRAO Agreement in accordance with guidelines established by the faculty. Courses used to satisfy The transfer agreement will not apply to the NSU's liberal study programs if: The grade achieved in the course was less than a C-. The course is not accepted for transfer credit by NMU. For example, mathematics courses below the level of college algebra are not accepted. 2 1 where a student cannot transfer individual courses included in the MACRAO Agreement due to one of the reasons above, the student must complete a course at NMU that meets the specific divisional requirement. The MACRAO agreement is designed for freshman and sophomore requirements. It does not cover requirements for upper division or exam requirements, not part of the liberal study requirements, but with careful selection of courses, students can complete these requirements at the community college. NMU does not recognize the MACRAO agreement if a student has attended a community college outside the state of Michigan, has attended a baccalaureate institution before or while attending a community college, or was originally enaucated at the NMU and then took classes at a community college. An exception to this policy is granted to transfer students from Bay College and Gogebic Community College who were duly enrolled in their community college and by the NMU in approved consortium degree programs. After transferring to Oakland University, students must complete a writing-intensive course in major and a final stone course. MACRAO transfer students must also either transfer in a course that is acceptable for the knowledge application requirement or take the course at Oakland University after transfer. Transfer students are exempt from writing intensively in general education requirements. Under the MACRAO agreement, transfer students from participating Michigan public colleges must be present for review of a transcript bearing the MACRAO Agreement Satisfied stamp. Saginaw Valley State University (last updated 22.04.2019) SSU's commitment to Michigan community college students is also guaranteed in writing by the MACRAO Agreement and by the MTA. If your college has signed this agreement and you complete the MACRAO agreement or MTA requirements, you have met the majority of SSU's first-year/sophomore general education requirements. For more information about how to earn the MACRAO agreement or MTA, contact the College Counseling Office. For more information about how the MACRAO agreement or MTA is transferred to SVSU, contact the SVSU Recording Office to talk to a transfer recording representative. Wayne State University has the following provisos to the MACRAO agreement: Students will be required to satisfy the university's mathematics General Education requirements, which can be achieved upon completion of a college-level math course with a minimum grade of 2.0/C, or appropriate scores on standardized tests (CLEP, Advanced ACT Math test, or Math Qualifying Exam.) College-level mathematics is a course that is considered college Algebra or higher. Students must also satisfy all college requirements for their specific programs. Agreement that applies to transfers that go into Wayne State University in the fall of 2013 or after. Students who have met the requirements of the MACRAO Agreement will have met WMU's requirements for lower-level general education. Such students need only satisfy Western's six-hour upper level requirements on 3000-4000-level General Education course work from the distribution areas and complete baccalaureate-level writing courses (Proficiency 2). Students should send a final, updated transcript denoting the completion of MACRAO before enrolling. Students with an official transcript marked MACRAO approved for an Associate of Arts (A.A.) degree from a Michigan community or junior college are exempt from taking first-year seminars and modes of inquiry requirement, and they can be admitted at junior level. However, the following exam requirements must be met: the category requirements and requirements for writing competence. A maximum of 16 units (64 semester hours) can be transferred from accredited community or secondary schools. Student who enters Aquinas College who has completed the MTA and an Associates of Arts Degree has met the general educational requirements apart from a course of the Theological Foundations. Students must also complete the general education competency requirements from the following categories if they are not already completed through credit transfer. • Writing intensive• Quantitative reasoning• Senior Capstone• Global Perspectives• English and Mathematics and Technology proficienciesStudents may also transfer to the Michigan Transfer Agreement before completion of an associated degree where at least 30 hours required for the MTA will complete general education requirements at Aquinas College. Aquinas College will accept a maximum of 64 transfer credits earned at a community college. The College for Creative Studies is a signatory member of the Michigan Transfer Agreement and accepts the guidelines and procedures outlined. The two-year institution must confirm that a student has fulfilled the terms of the agreement. Concordia University-Ann Arbor (last updated 11/17/2015) Enrolled and returning students must have course substitutions approved by the registrar. All credit hour requirements are based on the academic calendar of the semester. A maximum of 70 credits will be accepted from a two-year college. A maximum of 90 credits will be accepted from a four-year college/university. Approved credits can be applied to the core curriculum, larger or smaller courses. Final decisions on course substitutions not listed on transfer guides have been made by the registrar. A degree of C- (1.6667) or better is required for all Course. Davenport University will accept all 30 credit hours needed to satisfy MACRAO Transfer Agreement requirements, but there are additional credit hours that students must take to meet the general education requirements for the degree they are pursuing at Davenport University. These additional credit times vary by college and are described below: Maine College of Business: Additional 9 credit hours with general education coursework are required for all Maine School of Business - Bachelor of Business Administration degree programs. College of Health Professions:Depending on the grad program selected, 4-10 credit hours with additional general education coursework are required for all School of Health Professions - Bachelor of Science and Bachelor of Business Administration degree programs. College of Technology:Additional 6 credits hours of general education coursework is required for all School of Technology - Bachelor of Science degree programs. MTA receives institution Madonna University (last updated 4/11/2019) Transfer students who have earned an associate degree from an accredited institution will have their degree accepted by Northwood University in total. The following courses are general education requirements at Northwood and can be transferred. Transfer of students will be required to take these courses at Northwood unless similar courses can be found on the transcript. General training curriculum for the transfer of students:•English Composition 2 courses (6 credits)•Science Course (3 credits)•Math courses corresponding to College Algebra or Finite Mathematics or higher (3 credits) •Statistics (3 credits) •Microeconomics and macroeconomics (6 credits)•Introduction to the US government (3 credits)•Psychology or sociology (3 credits)•Humanities (3 credits)•History: Western Civilization is preferred; However, history courses will be evaluated for appropriate substitutions within the Northwood curriculum (3 credits)•Computer applications (3 credits)•Speech (3 credits)•Ethics (3 credits)Students transferring to Northwood with less than 60 hours in transfer must complete the general educational requirements as explained in the university directory. Grades under a C (2.00) will not be accepted by Northwood for students who have not completed an associated degree. RC accepts the MACRAO agreement, but a student must take literature, intermediate algebra (or higher), and meet our Christian value requirements. Sacred Heart Major Seminary is a signatory to the Michigan Transfer Agreement. Transferring students who have obtained an associate degree from an accredited institution will have their degree accepted by Siena Heights in total. Students who have earned at least 60 hours in transfer credit must complete the following requirements for a baccalaureate degree from Siena Heights University.Liberal Arts for Transfer Students 60 + 1. Norwegien Composition 2 courses - equivalent to ENG101 & ENG102 at Siena Heights. 2. Lab Science Course or a math course corresponding to MAT143-Society and Statistics at Siena Heights. 3. Completion of one 3 hour course in one of the following areas: Social Sciences, Arts/Performing Arts, History or Literature. (1 to 3 may use a transfer rate to meet this requirement) 4. Conducting a philosophy or religious studies course in residence at Siena Heights. 5. Completion of LAS301-The Adult Learner at Siena Heights. 6. Completion of the LAS401-Senior Seminar: Integrative Experience at Siena Heights. 7. Completion of 30 hours in residence at Siena Heights. 8. Completion of 30 hours at junior/ senior level. 9. Implementation of all requirements for a major as mentioned in the University Directory. 10. Completion of at least 120 hours with a minimum grade point average of 2.00 for baccalaureate grade. 11. All students must complete and show skills in English and mathematics to graduate. This can be done through coursework or testing. This is described in the University Directory. Students transferring to Siena Heights with less than 60 hours in transfer must complete the total Liberal Arts Curriculum as explained in the University Catalog. No D grades will be accepted by Siena Heights for students who have not completed an associated degree. NOTE: All evaluations must be based on official transcripts received by the registrar's office at Siena Heights University.Transcripts will not be issued by the registrar's Office of Siena Heights University until the requested student has registered and completed at least one course with Siena Heights University. MACRAO AGREEMENT SAU has been a participant in the MACRAO agreement since it emerged back in the 1970s. The MACRAO agreement was designed to facilitate the transfer of general education requirements from one institution to another. If you have fulfilled the MACRAO Agreement and it is stamped on your official transcript, it will be used to meet the following general educational requirements by SAU:University Liberal Arts and Competency Requirements (36 hours)In addition, each course will be individually evaluated and can also be used to meet competencies, large/minor or other degree requirements. The MACRAO Agreement requires you to complete a minimum of 30 semester classes with college-level credits in the following areas as specified by your community college:• English composition (6 semester hours)• Natural science (8 semester lessons in more than one discipline, At least one science course must include a laboratory)• Social Sciences (8 semester lessons in more than one discipline)• Humanities (8 semester hours in more than one discipline)Please note that this agreement is replaced by the Michigan Transfer Agreement (MTA) for students starting in a community autumn 2014 or later. SAU will continue to accept the MACRAO transfer agreement through the summer of 2019. A student currently pursuing the MACRAO agreement can choose to instead complete the MTA. Please see the details of this Agreement above. To view additional information for transferring students, including a link to Transfer Duplicate, click . .
