

Digivolve guide cyber sleuth

&It; Digimon History: Cyber Sleuth - Hacker's Memory Share Main Article: Digimon Story: Cyber Sleuth - Hacker's Memory/Support Skills #001: Kuramon Unidentified Digimon that suddenly appeared on a computer network. One Digi-Egg was born from malignant people who abuse computer networks from conflicts unfolding in networks. DigiEgg was a reunification of humanitarian destructive instincts, and the mysterious Digimon from him is incredibly dangerous. It multiplies on a computer network as a virus, causing major network failures. Generation Type Attribute Training I Free Neutral Memory Installed Sockets HP SP 2 0 150 24 ATK DEF INT SPD 30 20 19 32 Inherit skills N/A Support skills Innocent eyes Special Move Glare Eye(民民, Gureā Ai) Class attribute Target Magic Dark One SP Damage ACC 2 30 Pabumon #002: Pabumon At first glance looks like a sea green bubble, but it's actually a completely autonomous Digimon. Its unstable surface practically does not mean any defense or mastery in the fight. It creates endless small foam clones from a pacifier-like object in the mouth. Initially, the ability was used to create computer viruses, but its lack of life force was devoted to poor implementation. Life is short-lived for this adorable Digimon baby. The sticky foam he releases, tving his enemies, giving her the opportunity to escape, Generation Type Attribute Training | Free Neutral Memory Equip Slots HP SP 2 0 320 18 ATK DEF INT SPD 23 23 20 24 Inherited Skills N/A Support Skill Innocent Eyes Special Move Adhesive Bubble Blow(粘民性民, Nenchakusei no Awa) Class attribute Target physical factory One SP Damage ACC 2 30 10% probability of reducing target SPD by 10%. Gabumon #027: Gabumon Despite the coat of fur, this is a real reptile digimon. He has a timid and shy personality, and always makes pins from Garurumon's remaining data to wear. Wearing a towering Digimon as a Garurumon coat serves to protect him. His personality takes 180 when she dons this coat. His special step is the Blue Blaster. Generation type attribute rookie data fire memory installed sockets HP SP 5 1 450 35 ATK DEF INT SPD 45 32 30 38 Inherit skills Burst Flame I (LV 6)Anti-Stun (LV 12) Support Skills Wild Pulse Special Move Blue Blaster (民一民一, Puchi Faiā) class attribute Target physical fire One SP Damage ACC 5 65 10% chance of reducing target DEF by 10%. Gabumon (Black) #028: Gabumon that digivolved into a type of virus. It seems that his coat was made from garurumon virus type data collection. While a little bullies, strip it out of your coat and he becomes bashful and cowardly. His real face is a mystery. Generation type attribute Rookie Virus Fire Memory Equip Slots HP SP 5 1 420 30 ATK DEF INT SPD 40 40 25 38 Inherited Skills Grand Rock I (LV 6)Anti-Panic (LV 12) Support Skill Menace Special Move Little Horn(民民市民民 Ritoru Hon) class attribute target Physical Neutral One SP Damage ACC 5 70 10% probability of reducing target DEF by 10%. Guilmon This Digimon looks like a young dinosaur. It may still be a rookie, but it has as great potential as the type of fight digimon it originally landed out and carnivorous as brutality. The sign on the abdomen means digital danger, which is recorded in everything that can cause significant damage to computer data. Nevertheless, it could become the guardian of the digital world if this ability were used for peace. His signature movement is rock breaker, which he uses for rocks to destroy his firm nails. Generation type attribute Rookie Virus Fire Memory Equip Slots HP SP 5 1 470 25 ATK DEF INT SPD 70 30 15 43 Inherited Skills Wolkenapalm I (LV 6) Attack Charge (LV 12) Support Skill All-Rounder Special Move Rock Breaker(口民一, Rokku Bureikā) class attributes target Physical Land One SP Damage ACC 5 70 Kudamon #030: Kudamon The Holy Beast Digimon has always rocked around the sacred cassette. Earrings on the left ear are said to keep accumulating sacred having a greater effect on Digivolution the more power is stored. His cool and collected personality allows him to remain calm in the fight and assess the situation, allowing for superior progress in battle when at a disadvantage he falls into his ammunition cartridge to defend himself. His special step blinding ray blinds enemies with a stunning radius of his earrings. Generation Type Attribute Rookie Vaccine Light Memory Installed Sockets HP SP 5 1 200 65 ATK DEF INT SPD 14 30 54 47 Inherited Skills Saint Knuckle I (LV 6) Holy Light I (LV 12) Support Skills Mystical Protection Special Move Blinding Ray (民衝, Zekkoushou) class attribute Target Magic Holy One SP Damage ACC 5 65 Keramon #031: Keramon A Rookie Digimon Digivolved of Tsumemon. His body has grown, and a big mouth allows him to destroy even more data than Tsumemon. It eats 100 MB of data per second, which means that the data is destroyed while Keramon is approaching. He has a very playful personality and believes that his destructive behaviour is another form of play. His special step crazy giggle shoots out a very destructive beam of light as she laughs. Generation type attribute Rookie Free Dark Memory Equip Slots HP SP 5 1 450 30 ATK DEF INT SPD 60 25 22 43 Inherited Skills Destruction Cannon I (LV 6)Guard Break (LV 12) Support Skill Destroyer Special Move Crazy Giggle(民ギ民民, Kureizī Giguru) class attribute Target Physical Dark One SP Damage ACC 5 75 Gotsumon #032: Gotsumon An ore Digimon clad in mineral data from the fields, giving it an exceptional defense This playful rascal is like a game king, stringing along the less developed Digimon and causing ruckus in all systems. He has a slightly selfish side, and angry he blows up like a volcano and goes on an unstoppable rampage. The appearance of its kind of data changes according to where and how it digivolves, offering many potential types. His special step rock fist shoots super solid minerals from the top of the head. Generation type attribute Rookie Data Earth Memory Equip Slots HP SP 5 1 300 30 ATK DEF INT SPD 40 55 37 33 Inherited Skills Guard Charge (LV 6)Comet Hammer I (LV 12) Support Skill Animal Colosseum Special Move Rock Fist Class Attribute Physical Earth One Damage SP ACC 5 65 10% probability of increasing DEF by 10%. Goblimon Impish Digimon that loves evil. With a clever and cowardly personality, she wants to attack groups of trees in shade or ambush from inside buildings. At this point things get dicey, but they will scatter the winds as fast as their feet can take them. In this regard it has a little more brain than other Rookie Digimon. His special step goblin stirke hurles fire at mach speed. Generation Type Attribute Rookie Virus Earth Memory Equip Slots HP SP 4 1 470 12 ATK DEF INT SPD 52 52 12 35 Inherited Skills Comet Hammer I (LV 6)Shock (LV 12) Support Skill Haymaker Special Goblin Strike (民ラ民民, Goburi Sutoraiku) class attribute Target physical shot One SP Damage ACC 5 65 10% chance of a stunning goal. Gomamon #034: Gomamon A seabeast Digimon is covered with insulating fur and can move on land. His coat of short, white hair becomes longer as he grows, and becomes brown when he grows up. It's rascal who likes to interfere with everything he sees. Ref hair grows on the head and the back reacts to his emotions, standing on the back when he's angry. Gomamon's nails are strong enough to easily apply thick ice, so you will feel the pain if you take it easily. His special move marching fishes lead a small fish school. Generation Type Attribute Rookie Vaccine Water Memory Equip Slots HP SP 5 1 530 25 ATK DEF INT SPD 40 40 32 35 Inherited Skills Idle Bubble (LV 6)Anti-Panic (LV 12) Support Skill Deep Savers Special Move Marching Fishes(マ民, Māchingu Fisshīzu) Class attributes target Physical Water All SP Injury ACC 5 15 1-3 physical attack Syakomon #035: Syakomon A Digimon hidden in a sturdy shell shape like a clam. His shell developed rapidly, making his interior look like a training mucus. This cunning creature seduces enemies with its cute face and attacks as they approach. When the shell is closed and has enough defensive force to easily repel light attacks. His special step black pearl blast shoots jadeite formed inside the enemies of his body. Generation type attribute Rookie Virus Water Memory Equip Slots HP SP 4 1 340 42 ATK DEF INT SPD 14 37 49 34 Inherited Skills Ice Archery I (LV 6)Anti-Sleep (LV 12) Support Skill Deep Savers Special Move Black Pearl Blast(民ラ民民パ民, Burakku Pāru) class attribute Target Magic Water All SP Damage ACC 5 25 Zubamon #036: Zubamon One of the legend's weapons. Legends say that such weapons would save the world if they had an angel, or destroyed it by a demon. Zubamon has twenties data and often shouts I am in the twenties! not knowing what that means. He hates nothing not honestly or above the board, and always seeks sharpness. The days of sharp gags and sharp struggles make him happy. He charges the head first with his Twenty Dive move, but Zubamon's power manifests itself when it turns into his weapon form. Generation type attribute rookie vaccine neutral memory equipped sockets HP SP 5 1 3430 18 ATK DEF INT SPD 63 53 15 38 Inherited Skill Heavy Strike I (LV 6) Attack Charge (LV 12) Support Skills Legend-Weapons Special Move Twenty Dive (民ウ民天民ダ民, Tuenti Daibu) class attribute Target Physical Neutral One SP Damage ACC 5 75 Solarmon #037: Solarmon A allegedly a rare type of machine Digimon. Some scientists postz as a Hagurumon mutation, but no one knows for sure. The heat derived from your Digicore makes your body hot enough to burn to the touch. His special step Flare Flare red hot gear for the cause of burns to the enemy. Generation type attribute rookie vaccine light memory equipped sockets HP SP 4 1 400 35 ATK DEF INT SPD 25 45 15 38 Inherit skills Holy Light I (LV 6) Illuminating laser I (LV 12) Support Skills full functionality Special Move Shiny Ring (v民, Shainī Ringu) class attributes target Physical Light One SP Damage ACC 5 70 Always hit. Chuumon mouse like Digimon that is always up to evil with Sukamon. The two share a strong friendship (at least Chuumon thinks so). Sukamon happened to pass when she was about to be caught in a net trap in Carnivore, saving him by accident. It's basically cowardly, but doesn't lose when it comes to cunning, and runs away when things get dicey. His special step Cheese Bomb hurls cheese-shaped explosives, sure to cause disaster, but what erred in it for food. Generation type attribute Rookie Virus Earth Memory Equip Slots HP SP 4 1 260 38 ATK DEF INT SPD 38 24 36 48 Inherited Heavy Skills Strike I (LV 6)Escape Dash (LV 6)12) Support Skills Combat the next day Special Move Cheese Bomb Class attribute Target Physical Fire One SP Damage ACC 5 70 Terriermon #039: Terriermon This Digimon with one horn on his head is wrapped in mystery. The composition of his body can be classified as a beast-type Digimon, but his underwater Digivolution path is still unknown. There is also a rumor that in rare cases he is born as twins. His calm manner and charming appearance make it difficult to imagine this Digimon as a kind of combat, but in battle he demonstrates power well beyond his appearance. His signature movement is the Terrier Tornado, which spins his ears like a screw to lose a small tornado. Generation type attribute rookie vaccine wind memory installed sockets HP SP 4 1 250 40 ATK DEF INT SPD 35 26 35 49 Inherited skills cure (LV 6)Speed Charge (LV 12) Support Skill Bull's-Eye Special Move Terrier Tornado (民一, Puchi Tsuisutā) Class attribute Target Magic Wind All SP Damage ACC 5 20 Tentomon #040: Tentomon An insectoid Digimon with hard shell but low aggression. It has one hard nail on each forearm and four on each middle and posterior limb. This particular middle limb can skillfully handle objects, just like human hands. Others of the more developed insectoid Digimon care only about the struggle, but it seems that this comes into contact with nature and can be seen happily fragrant flowers or in the shade of a tree. It has a special move which hurls static electricity strengthened by its wings called Super Shocker. Generation type attribute Rookie vaccine plant memory equipped sockets HP SP 4 1 260 30 ATK DEF INT SPD 33 47 40 34 Inherit skills Nanomachine Break I (LV 6) Ripping Net (LV 12) Support skills numbing waves Special Move Super Shocker (民ダー, Puchi Sandā) Class attribute Target Magic Electric One Damage ACC 5 60 ToyAgumon #041: ToyAgumon A A Digimon consists only of plastic blocks. It is said that the child on the Internet built it in the form of agumonic, so it is very cute. Unlike convinced Agumon, this Digimon has a series of nerves that fall into the blocks when frightened. Nevertheless, it has a heart of justice that cannot turn a blind eye to evil. She also loves children, and likes to communicate with them over the Internet. His special step plastic blaze is quite powerful, shooting toy rockets shaped like flames. Generation Type Attribute Rookie Vaccine Neutral Memory Installed Sockets HP SP 4 1 480 34 ATK DEF INT SPD 28 49 19 32 Inherited Skills Energy Energy I (LV 2 Burst Flame I (LV 12) Support Skill Ironclad Defense Special Move Plastic Blaze Class Attribute Target Physical Fire One SP Damage ACC 5 60 10% chance of reducing target INT by 10%. Dracmon's US version of Hacker's Memory, Dracmon digivolves into Sistermon Ciel instead of Sistermon Noir. #042: Dracmon The most mischievous Digimon in the dark area. He will do everything for a prank, even face some danger. He even risked his life once to draw graffiti on the faces of 4 Sovereign Digimon (no word if it succeeded). It's a vampiric Digimon, but lately he's forgotten about blood, focusing only on pranking the Royal Knights. Those who look into the eyes of nightmares, released from bad eyes on the palms, fall under Dracmon's control. His undead fang technique better reflects his vampiric nature, biting enemies with his fangs. Generation type attribute Rookie Virus Dark Memory Equip Slots HP SP 5 1 380 32 ATK DEF INT SPD 55 25 30 45 Inherited Skills Destruction Cannon I (LV 6)Destruction (LV 12) Support Skill Special Vampire Move Eye of Nightmares(民民, Ai obu Naitomea) class attribute Target Magic Dark One SP Damage ACC 5 50 10% damage restored as HP. Confuses the target. Dracomon #043: Dracomon Ancient thoroughbred dragon Digimon is said to be a precursor to all dramon-type Digimon. His small build has unimaginable power and abilities, making it top-notch among rookies. Dracomon has a wild personality, but may be obedient to the opponents she endorses. It has wings, but they are not sufficiently developed for flight. She also likes to collect shiny things, especially gems and metals, and eats her favorite to master them. His special step baby breath blows a high temperature sigh of adversary. Generation type attribute rookie data fire memory installed sockets HP SP 5 1 400 30 ATK DEF INT SPD 69 31 10 50 Inherit skills Wolkenapalm I (LV 6)Heavy Strike I (LV 12) Support Skill Gekirin Special Move Baby Breath (べ民, The attribute of the Bebī Buresu) class Target Physical Fire One SP Damage ACC 5 75 Dorumon #044: Dorumon A beast Digimon is considered an experiment prototype digimon out before their discovery, due to the archaic interface on the forehead. Original personality Kind of Digimon is quite strong, as is her fighting instinct. He snaps and snarls at everything, but gets tame when he is bitten by someone else. The data hidden deep during your DigiCore experiment is a strong life force for Dragon, resulting in a powerful Digimon. His special step Metal Cannon launches iron balls from the mouth.
