The best option for serious meat smoking enthusiasts, vertical smokers, or larger grills. Big Kahuna offers 1-2 hours smoke time on Fill in, and this unit will take care of even your biggest cookout event! This is a unit if you want to use large wood chips or wooden lumps. It comes with a high output adjustable air pump to provide sufficient air supply for larger wooden chips/wooden lumps. Products are made from a heavy gauge of SCH 40 6061 aluminum machine guns for proper seals and long lives. Also included are stainless steel Brush. You can use wood chips or wooden lumps in Dad Smoke. Wooden pellets are not recommended for use due to inefficient combustion. No expensive cartridges to buy – just use your favorite wood chips/lumps! Any Smoke Dad can be refurbished at any time during the smoking process without having to pull it back or open your smoker. They are designed with smoke outlet tubes on top of fuel sources to prevent clogging and have removable end caps for easy lighting. It also has plenty of room for hot ash and is designed not to interfere with airflow. It provides a lot of smoke for larger smokers. You can easily attach it to your smoker by drilling a 1 1/8 hole and put in your smoker. To light it up, remove the final cap and fill the smoke chamber with your favorite wood chips/lumps. Then light it up from the bottom with a small propana or you can also use a match and a crushed piece of charcoal. Put the final limit back with the air pump running and you smoke! We offer high output, adjustable airflow electric pumps. This is great for having high volumes of air at the beginning, allowing some wood to be erted more easily. You can then gradually decrease the airflow to the desired amount. Perfect for applications that are standard and larger roast sizes. BIG KAHUNA holds 3 cups of fuel and will smoke up to one to two hours on a single load. Dimensions Asseuding: 12 x 3-1/2 - Holding 3 cups of fuelWith Rear Draft design! Big Kahuna is for larger BBQs and smokers up to the size of the refrigerator and work with large wood chips, wooden lumps or pellets. Great for smoking at temperatures below 100 degrees. Great for hot smoking too. Wood chips/ Lumps are recommended types of fuel. (Non-Wood Pellets) Comes with or without an air pump. This is a cold smoker that we recommend to use with our pellet grill!*PLEASE NOTE* If attaching a cold smoke generator to the Green Mountain Grill, we recommend using additional air pumps. The air pressure generated from GMG will cause backdraft through cold smokers using only one air pump. CLICK HERE to add additional air pumps.
