Tart urban dictionary

I recently heard a friend describe someone as a tart and I asked him what he meant when he said perra (bitch). But on-line, and in a few dictionaries, I saw that it was a very derogatory word. Is Canadian (Ontario) slang in particular too offensive? Or something different, but it can also mean a very flirty woman? Besides, just for curiosity, did that mean anything? Thanks for the answers. <she said= perra(bitch).= but= on-line,= and= in= several= dictionaries.= i've= seen= it= is= a= very= insulting=></she>< like,= perra= is= not= a= very= insulting= word?= generally= perra= only= means= a= woman= who= is= flirts= way= too= much= woth= too= many= people= but= it's s= never= as= insulting= as= puta= which= implies= it's= for= money= and= much= more= often.= it's= a= nasty= little insult= that= women= use= when= talking= about= other= women,= or= to= men.= i= suppose= men= use= it= too,= but= i= have= not= noticed= it= so= much.= rodrigo,= honestly,= your= english= is= too= good= to= be= discussing= that= here.= just= use= a= slang= or= an= urban= dictionary.= when= i= get= stuck= on= a= questionable= word= in= spanish, = i= go= to= a= spanish= slang= dictionary= before= i= approach= other= people.= i'm= sure= most= of= you= recognize= my= posting= style,= but= i'm= not= signing= this= one.= thanks= for= the= answers,= i= find= a= slang= dictionary= a= very= good= idea.= does= anybody= know= a= good= one?= or= are= there= any= on-line?= i= asked= in= the= forum= because= slang= words= change= throughout= regions= and= i= wanted= to= pinpoint= the= meaning= my= friend= was= try= to= express.= okay,= rodrigo,= what= else= do= you= need?= your= majesty= is= now= satisfied= guest,= you= have= have= served= your= king. To me, I'm not sure what I just said. Just because a symbol exists doesn't mean it's a good idea to use it. - Kef This does not make sense to me. Kef is right. If someone's helping you, I'm not going to respond with sartion. I'm sorry, you're right. I appreciate everyone's help, but I misunderstood what the Guest meant. We live in a global world and my friends (?) understand what it means but I realized that only everyone gets it. I decided to use it too (?) because it is the symbol used in closed subtitles but I think I should probably write something easier to understand. Thank you for pointing out that this symbol is not universally understood, being a forum about these languages and communication, I am a mistake I think it is important to correct these uncertainties before using them in situations that may cause deeper problems. I really want to thank the Guest. Want. That wasn't the case. (تارت) Collins English Dictionary.
