Aircraft performance and design anderson pdf

John D. Anderson, Jr., was born in Lancaster, Pennsylvania, on October 1, 1937. He attended the University of Florida, graduating in 1959 with high honors and a bachelor's degree in Aeronautical Engineering. From 1959 to 1962, he was a lieutenant and task scientist at the Wright-Patterson Air Force Base Aerospace Research Laboratory. From 1962 to 1966, he attended Ohio State University under the National Science Foundation and NASA Scholarships, graduating with a Ph.D. in Aeronautical and Astronautical Engineering. In 1966, he joined the U.S. Naval Ordnance Laboratory as head of the Hypersonics Group. In 1973, he became chairman of the Department of Aerospace Engineering at the University of Maryland, and since 1980 has been a professor of Aerospace Engineering at the University of Maryland. In 1982, he was appointed a distinguished scholar/professor by the University. During 1986-1987, while sabbatical from the University, Dr. Anderson held the Charles Lindbergh Chair at the Smithsonian Institution's National Air and Space Museum. He continued with the Air and Space Museum one day each week as his Special Assistant for Aerodynamics, doing research and writing about the History of Aerodynamics. In addition to his position as professor of Aerospace Engineering, in 1993, he was appointed full faculty member of the Committee for the History and Philosophy of Science and in 1996 an affiliated member of the Department of History at the University of Maryland. In 1996, he became the Glenn L. Martin Distinguished Professor for Education in Aerospace Engineering. In 1999, he retired from the University of Maryland and was appointed professor emeritus. He is currently curator of Aerodynamics at the Smithsonian Institution's National Air and Space Museum. On the one hand, this book offers a presentation of the performance of the aircraft at the university level. It covers both static and accelerated performance topics. On the other hand, this book also gives a presentation of aircraft design, with an emphasis on the philosophy and methodology of design. It also emphasizes the historical cases of material and design to illustrate this philosophy and methodology. Check availability at our Title Aircraft performance and design / John D.
