The operation is subject to the following two conditions: (1) This device must not cause harmful interference, and (2) This device must accept any interference received, including interference, which may cause unselected operation. 2. Changes or modifications not expressly approved by the party responsible for compliance may invalidate the user's right to operate the machine. NOTE: This equipment has been tested and found to comply with the limit values for a Class B digital device in accordance with Part 15 of the FCC Regulation. These restrictions are designed to provide reasonable protection against harmful interference in residential facilities. This equipment generates, uses and is able to emit radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that the disruption does not occur in a particular installation. If this equipment causes harmful interference to the reception of radio or television, which can be detected by switching off and switching on the equipment, the user is to prevent interference by doing one or more of the following: •Reorient or move the receiving antenna. •Increase the distance between the machine and the receiver. FCC radiation exposure statement This equipment complies with the FCC radiation exposure limit values set for an uncontrolled environment. This equipment must be installed and actuated at a minimum distance of 20 centimeters between the radiator and your body. Made for iPod and Made for iPhone means that an electronic accessory (This head) is designed to connect to iPod®, or iPhone® respectively, and has been certified by the developer to meet Apple's performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that using this head device with iPod® iPhone or iPhone ® your mobile phone's performance. iPod®/ iPhone® is Apple Inc. trademarks registered in the United States and other countries. VX7023 Thank you for selecting Jensen product. We hope you will find instructions in this owner's manual to follow clearly and easily. If you take a few minutes to look at it, you will learn how to use all the features of your new Jensen VX7023 Multimedia Receiver for maximum pleasure. Please save this manual for further reference. We recommend your Jensen VX7023 Multimedia Receiver installed with a reputable installation store.
