In the fourth sequel to the hilarious distance game Gonzo Games you have to get all the lost stars. So hop in your toilet seat and race all over the world. Keep your flying object up to date to overcoming thousands of miles. Enjoy Potty Racers 4. Crazy Racers 3 is the third version of the game series, named Potty Racers. They action game created gonzo games. Potty Racers 3 is the latest version of the three games. Therefore, compared to the other two, it has some excellent properties. Click here to play Potty Racers 3 Since it is a complete upgrade, it's almost almost two previous versions, except the rule. In three games, you play as a guy who dreams of flying porta crazy. Your mission is to make his dream come true. In Potty Racers 1 and 2, you have to fly yourself with potty. After each flight, you get the money as a reward and use it to buy tools for your potty. But in this version of heaven there are many things that you can touch, they will help you a lot in the game. For example, if you touch the stars or toilets, your result will increase. Flame Pot is a booster that gives you the power to fly higher and further. There are many amplifiers in the sky. This will help you fly higher and further, but the standard increases significantly. The mission requires the game is much more difficult. This version 3 is the hardest of the three versions. Additionally, the upgrade that you previously used in two versions is newer in this version. There are many kinds of things to upgrade your potty plane. Before you fly to Mars, it's not a loaded plane anymore, it's a crazy spaceship. But flying to Mars is not an easy mission. So you have to try your best practice to buy many things to join your potty plane spaceship, try to make the sky a full booster so you can easily fly to Mars. Much more difficult missions in this game make players who love challenges so excited. In addition, the idea of flying to Mars seems so interesting. In real life, humans still did not reach Mars. The reason why it becomes attractive, like this is a sky full of boosters that require players to always use the keyboard to control the flying way of a potty plane spaceship. Only in this way players can touch the amplifier as much as you want. Do you want to fly to Mars with me?
