Article: Spirit Tree Main Article: Special Patches Agriculture Farming Crop Growing Seeds Running This article is about the regular type of tree patch. For patches of fruit trees, see patches of fruit trees. Tree patches are agricultural patches used by players to grow their trees Like other trees, they can be cut down using Woodcutting skill to get logs. Tree seeds needed to grow them grow obtained from bird nests or other sources. Planted trees do not require watering. First, an empty plant pot can be used on any agricultural patch, even if something is growing in it, with a gardening trowthing to fill the plant pot with soil. Plant a tree seed on the pot with gardening trothes and water it with a watering can. After a few minutes, the seedling will grow into a brood, which can then be planted in a removed tree patch; Players must have a grudge in their inventory when planting and removing the stump of a tree. Before or after transplanting the brood, the player can add compost, supercompost or ultracompost to the patch to reduce the risk of getting sick. Alternatively, they can pay the nearby farmer to take care of it to completely eliminate the risk of the disease; seedlings and saplings are unable to become ill while growing in a plant pot. To plant a new tree, the old one must be removed from the patch. This can be done by chopping it down and digging up the roots or by paying the farmer 200 coins to remove it. Only a small amount of farming experience is gained by planting brood, with the vast majority gained from checking on tree health. Similar to bushes, most of the experience gained in skill farming is from checking on tree health, not in planting or chopping it down. Contents 1 Tree Seeds 2 Tree Patches 3 Changes 4 See also Tree seeds [editing | editing source] Seed protection level Growth time [1] Seed experience and cost of protection Cost on XP Uses [2] Plant Check-health Total Total Seeds only seeds and protection 15 Acorn Tomatoes(5)×1[3] 5×40 minutes (3hrs 20mins) 20mins) 5 14 467.3 481.3 383 0.04 0.8 Source of Oak Logs The ingredient of Axeman madness (Roots) 30 Willow Apples(5)×1[3] 7×40 min (4hrs 40mins) 25 1.456.5 1.481.5 1.294 0.63 0.8 7 45 Maple oranges(5)×1[3] 8×40 min (5 hours 20mins) 45 3.40 3.4 3.448.4 18.692 5.29 5.42 60 Backbone Yew Cactus×10 10×40 minutes (6 hours 40mins) 81 7.069.9 7.150.9 68.033 7.4 5 9.51 Source of yew logs Antipoison + Ingredient (Roots) 75 Magic Coconut×25 12×40 min (8hrs) 75 Magic Coconut×25 12× 40 min (8hrs) 75 Magic Coconut×25 12×40 min (8hrs) 75 145.5 13.768.3 13.913.8 181.599 10.82 13.05 † N×40 minutes means the crop will grow a little for every 40 minutes. This happens N times until it is completely grown. † All the roots of the trees can be used to make supercompost and crossbow string. † 3.0 3.1 3.2 All necessary baskets must be filled with 5 harvests. Changes[edit | edit source] See also[edit | edit source] Share Patch Types Requirements Location Gardener Picture 2 1 Cactus 1 Flower 1 Bush 45 Eastern Agriculture Branch Alan 2 Anima1 Herb1 Tree Patch 1 Hespori 65 Agriculture West Branch Rosie 1 Fruit Trees 1 Spirit Tree 1 Celastrus 1 Redwood 85 Agriculture North Branch Taylor There is a single patch allotment located on Harmony Island. The great Search Brain Robbery is required to access the area. There is a leprechaun gear shop, but unlike other allocations, there is no farmer to take care of Herb-only patches Except those listed below, all other herb patches are located in the locations above (allocation patches). My Arm's Big Adventure quest is required to access Troll Stronghold patches and is disease-free. The great Brain Robbery search and completion of EliteOrytania Diary is required to access Harmony Island patches. With complete making friends with my arm search, another disease-free herb patch is available on the Weiss settlement troll once the food fire is built with 50 Te salt (red), 100 Efñ Salt (blue), and 150 Urt salt (green), 2 steel bars, and 2 mahogany planks. More Old School RuneScape Wiki in: Seeds, Trees, Interactive Landscape, Agriculture Share Tree patches are agricultural patches used to grow trees. Like other trees found around RuneScape, they can be cut using the ability to cut wood to get logs. Tree seeds necessary to grow them must be obtained from bird nests or other sources. To plant a new tree, the old one must be removed from the patch. This can be done by chopping it down and digging up the roots or by paying the farmer to remove it. Like bushes, most of the experience gained in farming skill is from checking on tree health, not in planting or chopping it down. Note: Tree saplings and planted trees do not need watering. Experience Optimal Travel Methods The complete list of all patches and the nearest teleports can be found here. Fast Fairy access guide rings can be found here. Note: Remember that many of these travel methods have different requirements, so click on their links to learn more about useful additional requirements and information.
