Each chapter has about five questions to test students' withdrawals and basic understanding. This source consists of four parts: 1) Test questions listed in a chapter with approximately five questions per chapter and three possible answers for each of them (a, b or c). 2) Student answer letter (fill in the blanks) 3) Teacher answer key (blank filled) 4) regular teacher to answer key questions and answers are (hopefully) unequivocal, i.e. no trick questions. You may also want to split the test into three parts (Chapters 1 to 7; 8 to 17; and 18 to 23) if you think there is too much for students to recall in one session. You know your students; use your judgment. Read more Report a problem with a problem
