Berry hill farm ohio

Farmer/Rancher Blackberry Blueberry Flowers Raspberry Nearest u-pick farms to Berryhill Farm Nearby towns Alpha, OH Bellbrook, OH Bowersville, OH Cedarville, OH Harveysburg, OH Jamestown, OH Port William, OH Spring Valley, OH Waynesville, OH Wilberforce, OH Xenia, OH Yellow Springs, OH We believe when people, land and communities are each treated with care and respect, all three thrive. We seek to develop farming methods in accordance with strengthening this view as stewards of the land of trust. Go out to the farm to choose your own berries. We provide buckets and bags, but feel free to bring your own containers. We will devour the weight for you before picking. All P-Y-O berries are sold by pound, which we will weigh for you after picking. See our U-pick page for full details. Read more → We almost always have pre picked berries available to increase sales every day during the season. You can find them at our 127 E Krepps Rd. address. Drive up and dip and someone will come out to help you. It may be best to give us a call to make sure fruit is available before you drive out. You can also call in advance for orders of larger quantities. No sale on Sundays. If you are local, you can also find our berries at a few different farmer markets this season. They vary from year to year, so check the Facebook page for updates closer to the start of the season. This year we are excited to begin our own CSA (Community Supported Agriculture) program – weekly or every two weeks sharing boxes containing fresh produce with the option to add on fruit, May to October. For more information on what a CSA is and how you can be separated by one, click on this link below. Learn more → Here's how it works: So what exactly is a CSA? The CSA stands for community-supported agriculture. This is a great opportunity for you (the community) to support your local farmers and pitch in while we do the hard work for you. You buy part of the harvest. Consider it a subscription to the farm, if you like. By paying for the whole season up front, you will then receive a box of beautiful products every week or every two weeks, your choice. We do the dirty work - you just need to gather veggies ready for your table! We also offer farm tours, working days and events exclusively to csa members so you can feel apart by the farm and the family. Shared risk / Shared rewardBy buying a share, you are joining us in growth and production of quality veggies - farm to table. You contribute a certain amount of money (covering start-up costs, seeds, fertilizer, rental help, etc.) and are guaranteed a portion of our products. As this is a common system, you also risk weather conditions and failed crops. For example, if we get a sudden hailstorm, or we realize green beans got a mistake and everyone died, you risk the loss of this right with us. Us. You also reap the benefits if a particular crop does extremely well and produces much more than expected. You will always have top priority and get the best of the best in your box. If there is an abundance, you will get the extra beyond. For both vegetables and fruit. PaymentPayment is due up front so we can cover the initial costs to begin our summer garden. Things like seeds, fertilizer, trays, rental help and more are included in this. One cool thing about CSAs is that we can collect payment at an early stage and you will have 15 weeks of beautiful veggies to put on your board. The cost is \$30 a week, making it \$450 for the entire season. Our preferred payment method is check or venmo. You can still use credit cards by clicking on the link below that says Sign up for 2021, but a 4% service fee will be applied. You will be asked to select a box and location. If you pay by check please contact us with all your contact details, including number and email, along with your location and box of choice (or put this in the note box on venmo, or email separately). Please check to Berryhill Farm and mail to127 E Krepps Rd. Xenia, OH 45385.If you pay by check or venmo, do not click on the link at the bottom of this page. Simply email us and let us know that you are signing up and we will write you down! Venmo is Sarah-Sutton-24 CancelsDue to the nature of this system, and the first start-up cost, no refunds can be issued when the season begins. If you decide that you cancel your share before it begins, please send an email to berryhillfarmxenia@gmail.com.Hold/TransfersIf you are travelling or want to be on holiday for one of the weeks, please contact us. We can either deduct that week from your payment, or you can arrange for a neighbor or family member to collect your box instead. Contact us if this is the case before submitting your payment. PickupYou can pick up your box at our farm or meet at our central location in Beavercreek. WEDNESDAYS 4.30am-5.30pm Bombers Crossfit 2080 Beaver Valley Rd. Beavercreek, OH 45434SATURDAYS 8:30 am to 12:00 pm On the farmIf you run late to meet up time, please text Sarah at 609-774-4380.If you don't show up to meet up, your box will be held for a day on our farm. After a day, your box will be lost. You can have a friend or family member pick up your box if you can't do it, just please communicate with us (their names) and with them (our names, car color, location, etc.) as this helps us both find each other quickly. What's in the box? Each box contains items that will feed about a family of four. Depending on how old your kids are and how you cook/prepare veggies. If certain crops do well and there is a surplus, you will receive the extra rewards in Box! An assortment of veggies will range from greens (lettuce, kale, spinach, chard, etc.), microgreens, green green tomato varieties, peppers, onions, zucchini, autumn squash, cucumbers, beetroot, radish, turnips, carrots and more! WeeksOur season will run for 15 weeks. It will begin late April and run through July. We won't include a fruit addition on this year. CSA will end right in the middle of berry season, so instead of making a fruit share, we'll email you all weekly and you'll have the option to add fruit on a week-to-week basis. We will also host fun events this year like farm tours, working days, special events for kids to learn about the farm, and a Farm to Table dinner event exclusive to members! All dates still TBD. Are your products organic? Our farm is not certified organic as this certification is very expensive. But we don't use any toxic chemicals on our products. We eat it right out of the fields and would never serve anything we wouldn't eat! It's organic without the certificate.* Make sure you choose your pickup location before adding the subscription to your shopping cart! **Click on the above credit payment link only** TykkääTykkää127 E Krepps Rd, Xenia, OH, US 45385592 ihmistä on merkinnyt tämän paikakseen · Hedelmä- ja vihanneskauppaNäytä kaikkiSivun läpinäkyvyysFacebook näyttää tietoja, joiden avulla ymmärrät sivun tarkoitusta paremmin. The fresh blueberry season began on July 1 will end this Sunday, August 16th. We use all applicable CDC guidelines in our day-to-day operations to keep our customers and staff safe. Why Blueberries?: Blueberries are high in vitamins and antioxidants. In fact, studies have shown that blueberries are leading the overall antioxidant capacity (TAC). While rich with vitamin C, manganese and dietary fiber, blueberries remain low in calories, sodium and have no cholesterol. A great addition to any diet.
