Simple pickup project go

HUGE library of videos and podcasts: advanced video lessons, podcasts and step-by-step tutorials. Includes the actual distribution and analysis of real-life hidden camera images of approaches. You won't find this material anywhere else. 24/7 Support: No, no customer service. Community support. If you're on a date at 1am and don't know what to do - post on the private forum and someone will literally reply to you within minutes. Project Go is a family: every person on the facebook forum understands this journey. You will never be alone; No matter where you are in pickup, there are thousands of guys next to you. One gift a day: who doesn't want a gift a day? We write down every revelation and revelation and send it directly to YOU. Each. One. Good bye. NSFW: Let's just say we can't publish many Project Go videos on YouTube. They are a bit... risqué. You'll see what I mean when you're inside. Personal stories: Over the years, Jesse and I have made some pretty shitty rookie mistakes. I'm all for learning your own mistakes, but you save years worth of time by avoiding the mistakes we made. WHAT'S THE FIRST THING I HAVE TO DO? Watch the video above. It is imperative to understand why you should be here. OKAY, I'VE SEEN IT, BUT I STILL HAVE QUESTIONS... That's what I'm here for. WELL, I GET THAT PROJECT GOING WILL HELP ME, BUT WHAT IS PROJECT GOING? (I still don't understand what's going to happen once I'm inside...) Big question. As soon as you're inside, you'll be immediately through a few phases. In phase 1, all you have to do is sit back, watch the designated videos, and have the information downloaded into your brain. We're really going to fool you. This is things we could never put on Youtube because the masses just wouldn't get it. You're going to be mentally exhausted by the end of phase 1... but something extraordinary and beautiful will happen. You'll be imbued with a sense of hope because you know your life is going to change. And you'll feel safe about it, because you know exactly what to do. If all you did was go through phase 1, your outlook on life would change. But that's just the beginning... In phase 2, you will become a member of our thriving Project Go community. You'll be connected to the thousands of other Project Go members around the world, and you're going to make friends with some of them. In fact, you're probably going to meet a few people who end up lifelong friends. These people hold you accountable and push you to achieve your goals. Plus, you have instant access to the Simple Pickup team. If you have a question, Kong, Jason and I use, and any other member of our team will be here to answer you. There will be no What am I supposed to do now? In phase 3 3 real fun begins. You will receive our infeld videos. Essentially, you look at real life hidden camera footage of us interacting with women. More than that, we break down every interaction for you and tell you how to do exactly what you just witnessed. We will never explain anything to you without showing you real world proof that it actually works. This is the difference between us and everyone on the Internet. You will also receive our podcasts. A good percentage of our members say this is the best project go has to offer. They are designed to constantly put you in the mindset of someone who is successful with women (and life). Don't underestimate this one. You also download them to put on your phone so you can listen and learn wherever you are. The coolest thing about Phase 3? When you enter, you'll have instant access to our content library – over 80 hours of videos and podcasts you'll refer to to build your real skills. That's right: more than 80 hours. You have access to our basic material before you say. In Phase 4, we focus on achieving real results. We're going to kick you into gear and literally force you to take action. I'm talking about, You learn how to text a girl in a way that makes her beg to go out with you. Most people underestimate the power of a simple text. What if I told you you'd let her ask you out, just by sending a few short text messages? How do you make a conversation with a woman who unwittingly suspends her? There are things you say during an approach or a date that will get her wet. She won't be able to control it, it just... Happens. Once you try it, and see it work – your world will never be the same *insert evil laughing here*. How do you use your shortcomings to your advantage. You learn how to use what's holding you back as leverage to be better than everyone you know. This change in mentality literally requires no work. All you have to do is hear it. The secret trick to bulletproof trust. This alone is worth the price of admission (and more). Trust is like a switch that you turn on in your brain. You just need to do a few ridiculously simple exercises. You'll feel like you just took the limitless pill. Setting up dates with multiple women. Project Go users often complain about having too many women to deal with. Yes, this is a real problem. How to stop getting friendzoned. Ooooh. This is a good one. We're coming to a .) IF I BUY PROJECT GO WILL B*TCHES START SUCKING MY CAWK!? Yes, they do. Once you start carrying out the things you learn, you will find that a staggering amount of bitches will suck your cawk. With that said, this is not some magic pill either. You have to get to work. Becoming a man who is attractive to women (and people in general) doesn't happen overnight. If you are looking for a magical solution, then you - for your sake and mine - leave this page. A certain% of people participating in Project Go cancel the service on the first day. These are the people we want to keep OUT. These are the people who are victims of the instant gratification society in which we live. Frankly, these are people who are destined to lose. If this sounds like you, I don't want to talk to you. On the other hand, if you are someone who understands and is *excited* to put in the work – then I would love to work with you. Look, there are no easy answers. With Project Go we have made meeting and dating beautiful women as easy as possible. IF I BUY PROJECT GO, WILL I BE THE GIRL OF MY DREAMS? Take it from me: you will. I really believe there are great girls everywhere Look. Girls who are sincere, funny and sweet. Girls who have confidence in themselves and their careers. Girls looking for a man to share their lives with. There are certainly plenty of girls who are also just looking for a quick connection -- and I'll teach you exactly how to get them, if you want to -- but, more importantly, your dream girl is probably right there right now, waiting for someone to wipe her off her feet. That someone could be you. A mentor of mine once told me, Being prepared is half the battle. Actually, I tend to think it's even more important: being prepared is all the struggle. You have to be ready when you meet your dream girl. With Project Go, you're ready. She's going to walk into your life, and you know exactly what to say to her to get her attention, attract her and drop her for you. I DON'T EVEN CARE. I'M ALWAYS SO CLUMSY WITH PEOPLE -- HOW DO I SOLVE THAT? You're about to read something that sounds confusing at first. Reread the following sentence as often as you need, this is important: If you're trying to be less awkward around people, you actually come across as more troublesome. ALTH THAT really sink in. In your attempt not to be clumsy, you make people around you more uncomfortable. A perfect example of this? When guys do the hover hand. If you don't know what that is, the hover hand usually takes place in photos at conventions when a nervous, nerdy man poses with an attractive woman, actress or model. The man usually wraps his arm around the chick's back, while his hand hovers over her shoulder or waist, afraid to touch her. In this man's mind, he tries to be less clumsy by not touching her. But in reality, the girl thinks, why is this creep hovering an inch above my skin with his hands, instead of just touching me? You see? Less awkward = trickier. This principle applies to every social interaction you have. When you get into Project Go, our classes are tailor-made to recognize when you're clumsy -- things you've never thought of before. We're going to solve all those things for you -- both physical and mental traits. This will literally never be a problem for the rest of your life. Huzzah! WILL PROJECT GO HELP ME GET OUT OF THE FRIENDZONE? Every man on this planet is a mandatory visitor to the friendzone. It's. It's torture. It makes you feel less of a man. It's literally one of the most frustrating feelings you'll ever have in your life. I'm here to help you avoid all that nonsense. Getting out of the friend zone is one of the first things you'll get to tackle once you join Project Go. Instead of being pushed to the side you end up talking to her, and during the conversation she'll say to herself, Wow, this guy seems really different... I'm really attracted to him. Then she would. They, you decorate. You may not feel like you're doing anything else, but Project Go will help you so much with your communication that you're going to transfer yourself differently. And it will take her to a certain place mentally, one filled with visions of you and her hugging, biting your lip, grinding her body against yours, taking off her clothes... I get on a sidetrack here... Yes, Project Go helps you escape from the friends zone. I'M IN LOVE WITH THIS ONE GIRL... WILL YOU TEACH ME HOW TO GET HER? This is probably the most frequently asked question we get. And that's why we're forced to develop a plan of action to get that one girl. We have a name for situations like this. We call it bigfoot hunting. This is because you've probably been trying for a very, very long time to catch her... But you just don't seem to do it. To answer your question, yes - we will teach you exactly how to attract a girl. We've been through that situation more often than you count, and there's some steps and mindset that you have to adopt to draw her into your world. We'll show you exactly how to do this. Of course, if you end up marrying her after we show you how to get her, send us an invitation to the wedding. We have a wall of cards that we want to add to. IF I'M LOOKING FOR A RELATIONSHIP, CAN PROJECT GO HELP ME? It's pretty common for guys to overlook the relationship benefits of Project Go. Often they become so excited about the ability to attract women that they forget the reason why they wanted to start dating more women in the first place... To find the one perfect girl worth spending your life with. Project Go will teach you to understand women on a deeper level. It will help you understand why they behave in a certain way, why they test boys, what intrigues them, what makes them look like, what makes them chase a man and what they need in a man. Thousands of guys who have joined Project Go have found not only a friend, but even a woman. It's always surreal when a member sends us his wedding photos. Feels good man. WHAT IF I'M TOO FAT? WHAT IF I'M TOO UGLY? WHAT IF I'M TOO SMALL? WHAT IF I'M COLOR BLIND? WHAT IF MY ELBOWS ARE TOO POINTED? WHAT IF MY TEETH USED TO BE WHITE AND NOW THEY'RE YELLOW AND I'VE LOST MY TOOTHBRUSH? We call this Special Snowflake Syndrome where we believe that something in our lives is so unique, nothing will ever help. At some point, you're looking for an excuse not to join. My goal is to show you that this is not true, that it's just a crippling excuse. Project Go has been tested with every type of person: fat, old, young, skinny, Long... and every personality type: shy, clumsy, anxious, quiet, loud - you name it. I hate to break it to you (not really), but you're not a special snowflake. Whatever your situation is. Is. someone on Project Go who has made it 10X worse. AND they are absolutely crushing it in terms of success. If you truly believe that you are so unique that 8+ years of the most comprehensive material about trust and dating will not help you, don't join in! THAT MIGHT WORK FOR PEOPLE IN THE U.S., BUT NOT MY COUNTRY. Reality check: people are people. We all work according to the same principles. Your geographic location is irrelevant (Yes, I'm talking to you, India). A lot of what attracts women is non-verbal -- what's underneath the words themselves. That's why there are so many stories of men going to other countries and finding love, despite the fact that they don't speak the language. Women are women everywhere, and they respond to the same behavior, no matter where they live. If that's not enough, there are videos in Project Go that show you how to deal with the specific cultural differences for women of different ethnicities – that's just icing on the cake... a small advantage that you can push over the top. You still don't believe me? Well, you're a tough crowd, but don't deny your numbers. Here's a demographic breakdown of Project Go users based on the country: 40% of users are from the U.S. and the other 60% is spread across X countries. Remember: No matter where you are in the world, there's probably Project Go users who do incredible things there. Once you join our private forum, you'll find that people from all over the world are successful. P.S. We just returned from a trip to Europe... and a few things: I'm jealous of you Europeans. Your women are beautiful. I am also disappointed in you Europeans. The women we connected with all complained about how the men in their country were pussies. I'm not kiing. This seems to be a real problem. These women want to get screwed, without real men to fuck it. Step up, soldier! I'M INTRIGUED, BUT \$37/MO SEEMS LIKE A LOT OF MONEY... If you think \$1.20 a day is too much of an investment to make in your future, you probably shouldn't join. I'm 100% serious. If you're not willing to make that investment, then you won't be invested in everything we learn. The investment you make today instantly means how serious you are about change. If it was free, you wouldn't do anything with the information. That's just the nature of man. We work harder when we invest. I actually think we're grossly underloaded for Project Go. But here's the rub: we want to keep the price low enough so money isn't the only reason you're not going to change your life. At the end of the day, our goal is to give you zero irrational excuses to make this investment in yourself, and take your confidence to another level. This program is going to transform you. I TRUST THE GUARANTEE? It's simple: Try Project Go and see for yourself. If it doesn't work, I want you to e-mail me, proves it Tried it, and I'll pay you back 100%. This warranty is extended by 30 days. If you don't like it, send me at any time during the course and show me that you do the exercises and don't get results. I'll refund 100% of your price. OKAY, I'M CONVINCED, I'M ALSO A LITTLE NERVOUS... Take a deep breath. Being nervous is good, that means you're human. This nervousness goes metamorphosis into excitement once you get into Project Go... We have a name for this phenomenon: The Moment. It's when you realize that much of what you were taught was dead wrong. It's the moment you feel a little scared, because you know there's something big on the horizon. It's the moment you let go of your ego and accept that you're going to change. It is the moment that means an end to your old self, and the beginning of a new life. The greyness will be lifted. You'll see. I'M READY. LET ME IN! I'm proud of you... I JUST READ EVERYTHING, AND I'M SO EXCITED. BUT THERE'S ONE LAST QUESTION YOU HAVEN'T ANSWERED YET... One last question, huh? I'd like to answer it for you personally. Email me here: welcome@simplepickup.com and tell me what you're still curious about. I'll take it back in 24 hours. Welcome to your new life. Life.
