To do this, you must first have any amount of money and an apartment. Then go to the apartment and go upstairs. Then walk inside and go upstairs. Go buy a new apartment and claim. Walk inside your apartment and buy lots of chimneys, and buy lots of them because the more you can buy it means the more money you can earn. Place the chimneys in your apartment wherever you can adapt them. Now, leave the apartment and go to the plots that are for sale. Go up to one of the red signs FOR SALE and pull up the home app on your phone. Despawn your apartment, and confirm in the prompt. Now, click on the red sign 'FOR SALE' and with this window open click on the top left of the screen in the menu button. Hit the Restore Character button, and you'll get a message asking if it's safe. Important: After clicking the blue reset button here, click the home slot back into the other window in 5 seconds. If you've done well, you'll see Current House: None in the phone app when get back in touch. This can take a couple of attempts to get it right. Then head to the apartments again and head inside, hop on the sale sign and press New Apartment and then Reclaim. Now you should have three free fireplaces. Repeat this step as many times as you like, and then right-click the chimneys to sell them.
