Apk fb lite terbaru 2020

Package Name: com.facebook.lite Version: 231.0.0.5.122 (264429328) File Size: 1.5 MB Update: December 31, 2020 Minimum Android version: Android 4.0.3 (Ice Cream Sandwich, Ice Cream Sandwich, API 15) Screen DPI: nodpi Architecture: armeabi-v7a MD5: fdb430540bb1a1f6eadc6864fd6c828 SHA1: b5fc27603bb79ee638a9149468461007e8707e8707f70707e870707e. APKCombo App Social Facebook Lite 231.0.0.5.12 · Facebook 27, 2020 (6 days ago) This version of Facebook uses less data and works under all network conditions. Keeping up with your friends faster and easier than ever with the Facebook Lite app is quicker and easier! You can use Facebook Lite as a friends app to connect and catch up with social networks. The Facebook Lite app is small, saving space on your phone and allows you to use Facebook in 2G conditions. Many classic features of Facebook are available in apps such as sharing on timelines, like photos, searching for people, and editing profiles and groups. Specific features include: • Find friends and family • Relay what's happening in the world using post status updates and Facebook emoji • Share photos and favorite memes • Get notified when friends comment on your favorite posts • Find local social events, RSVP, and making plans to meet up with friends • Interact with friends by adding their comments or reactions to their Facebook posts • Save photos by adding them to photo albums • Follow people to get the latest news • Find local businesses to view reviews, hours of operation and photos • Sell locally on the Facebook marketplace and the Facebook app does more than help you stay connected with your friends and interests. It is also a private organizer for storing, storing and sharing photos. You can easily share photos directly from your Android camera and have full control over your photos and privacy settings. You can control who sees your photos by choosing when to keep individual photos private or by setting up a secret photo album. Facebook Lite can also catch up with the latest news and current events from around the world. Subscribe to your favorite celebrities, brands, websites, artists, or sports teams to follow your newsfeed for the convenience of the Facebook Lite app! Having trouble downloading or installing the app? See if you still help? Tell us more about this issue: only available to people over the age of 13. Terms of Service: Email: lite-android-support@fb.com See more see More Facebook Lite specially designed for Android Gingerbread 2.3 and above, Facebook Lite uses less data and works on all network conditions in 2G, 3G, 4G. Facebook Lite: • Quick install – the app is small, so it's fast to download and uses less storage space. • Load quickly Upload photos faster and see updates from your friends. • Use less data - Be more efficient with mobile . The king of social network smartphone photo apps to share your musical skills is in the Android version here, looking for new friends with the same interests as you. You can find the most popular social networks in Russia on your phone. Hd video call manager Facebook Lite verwendet weniger daten und ist mit Allen Netsberg Wedingen kompatibel. Home/ Package / Android Apps / Facebook Lite Apk Download 2020 Android Facebook Lite Facebook Lite Latest Apk 230.0.4.121 (263384594) is a smaller version of Facebook that works smoothly with low-cost phones regardless of data connection speed. To display, tap a photo and automatically download a higher resolution. Facebook Lite File Info Last Updated: December 24, 2020 Developer: Facebook Version: 230.0.0.4.121 (263384594) Requirements: Android 2.3 Max File Size: 1.7 MB Upload: December 24, 2020 at 10:56 AM GMT +07 MD5: 18a56de5c732615a7f7771ab8245a63f1 SHA1: a1ab5317f9 e4 65e5e58f0d8a6d0dc619193aced67b available on Google Play: Google Play Facebook Lite app review installed from Facebook Lite turns into familiar and intuitive because it is a redesigned application. Not. Instead of place a floating button in the lower right corner, the app has a status posting bar moving towards the top of the app. The layout shows a different design, but the order of the default tabs you want to tap is still the same. Newsfeeds, friend requests, messages, notifications, searches, and options. Text and buttons are usually more important application. This is to provide the same advanced experience on phones with low resolution screens. In the Notifications panel, your profile picture doesn't appear on FB Lite. Instead, their posts go to small, low-resolution images to inform users if they are reacting by commenting, likes or friends. The designed look is semimodern, shown by a gray background combined with the blue and white that dominate the interface. The no border between the notification bar and the side of the screen is why the app is a bit dented in the eye. FB Lite has built-in messaging capabilities. You don't have the power to download separate apps and continue to use messaging features. To be fair, the Lite messaging feature is not as interesting as Messenger because it does not contain message bubbles, timestamps, and reading receipts. Pros: Quick to install. It is a space saving application. This app is data efficient. Provides a better connection with poor networks. Disadvantages: Further improvements to the interface design must be made. The first way to open it is to sign up or sign in. Creating an account takes less than 5 minutes, and so does your login. There is no special requirement because it only asks for some basic information, such as an email or phone number. You must verify the activation in the e-mail you entered or in the code that the developer sends. When you're done registering, you can choose what to do in your newsfeed, friend requests, messages, notifications, searches, and options. To publish the status, click the box under the Features panel. Check with photos, tagged friends, and specific activities and emotions. The Sign Out button is available in the Options feature. Changelog improvements to stability and speed. September 2, 2020 Apps, Communications, Social, Top Apps Latest Download Facebook Lite App Apk Info Info
