This content is imported from YouTube. You might find the same content in a different format or find more information on your website. Just like the clothes we wore in high school (hello, stone wash jeans!), trends go in and out of style all the time. And baby names are no exception. But as the video above proves, the most popular names for little girls haven't just changed times - pop culture, and of course, music has also had an impact. Created by Abacaba using Census data from 1880 to 2013, it shows the entire girls were born, a significant historic event that took place, and the top 10 most popular American names each year. Watch out. If anything, it makes some sense why Friends writers chose Emma Ross and Rachel's father in 2002 or why it seemed like every little girl was named Jacqueline in 1961.
