## Flourish and blotts shirt

**\*\* NOTICE \*\*** Our Shirt Supplier has a lack of many popular colors (Black & some others) of size 4XL, 5XL & 6XL. We will file orders as soon as shirts are available. We reserve the right to upgrade your shirt in a more expensive coat so we can fulfill your order. How can I save money on your products? It's easy, just join our mailing list to get discount code sent to your inbox! What's the Difference Between Premium and Platforms? We offer 3 level clothes that you can think of as good, better and better. Good would be regular our shirts. These are kinds of traditional heavy cotton shirts (100% cotton except heavy types will have poly mixed). Best is our Premium line of clothing. These are soft shirts that are more thin than our regular shirts. We use a high end brand (Next Level) which is 4.3oz 100% jersey combined cotton with 32 songs (sorry for the jargon). Best is our Tribunal's line of clothing. These are the latest rage and the kids nowadays! We use a high end brand (Next Level) which is a 4.3oz blend of 50% polyester / 25% cotton / 25% radio jersey and 32 salt. This line is going to have a heavy look and it's very soft. When will my command ship be built? Almost all clothing orders from business days 2-3 from our facility in Detroit. Art walls and blankets will typically ship within 5-8 business days. This can be longer if there is a delay with our vendors, or if your order fails our inspection type and must be noticed. Once your order ships, current delivery time can vary as we have no control over the package once it leaves our facility. We'll send an email with the tracking number when we ship your order. When is the last I can place an order and receive it before Christmas? For the international orders, December 1st is the latest. For domestic orders, December 12th at 5PM EST. This is not a warrant because we cannot control the post office. We will do our best to get your order completed and shipped out as soon as possible to allow the mail enough time delivered on time. Orders placed after December 12th may occur before Christmas but chances are down and every day passes. Are all ship products at the same time? It depends on what you order. If you only receive part of your order and are concerned about the rest, feel free to email us at [hello@popuptee.com](mailto:hello@popuptee.com) and we will investigate for you. How Much Is Shipping and Touching? Shipping costs are based on weight and will be displayed during the creditor. We offer US shipping on orders \$49 or more. We offer free international shipping on orders \$149 or more. We have no handling fees. Can I use a discount code & get free Shipping? Yes you can. The amount you are spending must be \$49 or more (for shipping to the US) AFTER the discount code is applied. For example, let's say your cart is \$50 and you a 10% of discount code, which makes the amount due \$45. Since \$45 is less than \$49 you would not qualify for free shipping. The free shipping option will display before the discount code have been applied but if selected then you will need to re-select. When is the sale finished? Sales will start and end at random times without warning, or when the design is sold out. We recommend commands as soon as you find something you want to guarantee you to get it. How can I pay for my order? We accept all major credit cards, Amazon and Paypal. What kind of clothes do you print on? Please see the description of the particular product you are considering. Please see our size chart to make sure you choose the right size. Does your product shrink? Our shirts are marked pre-shrunk. However, all sweaters can shrink when drying, so we recommend you when or hang your dry teeth. Does my product look exactly like what appears on your website? What you see on the website is a digital approximation of what you'll see about your custom made printed articles. We do our best to keep the contents of our site in sync with what you receive, but we can't 100% guarantee colors of clothes, colors in print, placement, or size of print to be exactly what you see online. What are the dimensions of their design? Printing on clothes will be between 10 -12 widths, and up to 15 in length. What is your return /exchange policy? 100% satisfaction guaranteed. We will only accept returns for our products in new, unwashed and unworn conditions within 30 days of receiving the product.
