Designed and developed in Portland, Oregon, USA, ICON is designed to keep up with modern riders who claim that the streets are their preferred hunting grounds, facing unforgivable asphalt, gravel-steep corners and careless cagers - things riders face on daily journeys. This first-hand knowledge leads to their inspired product design, industry-leading images and the highest quality of service. Their main mission is to protect riders when and as best we can, knowing that the day of rescheduling is coming for all of us. Be prepared, drive smart.
