Today I'm here to show you 3 codes for Moshlings in the new Moshi Egg Hunt App. These codes are originally found in the book by none of us yet, but we managed to find out these codes to catch the following Moshlings! To enter these codes just go to the Moshi Egg Hunt app and go to the system code located in the upper right corner of the screen. From there just enter the code shapes to unlock that Moshling immediately. So far they're the only Moshlings we have codes for, but we'll report back soon with codes for Pooky, Honey and maybe more! Stay tuned and check out the new Moshi Egg Hunt App page here at Moshi Max where you can see and keep up with the updated list of codes and tips for this app! Welcome to our Secret Codes page, where we feature most of the available secret codes on Moshi Monsters! This is not a complete complete list, so we would like you to contribute and tell us some codes in the comments that are valid and are not on the list! This site is still incomplete as you can figure it out, and we are in the process of including images of items that code, at most times this page will appear disorganized and messy however it will all be elegant and tidy soon! These codes are recent codes that have not yet been categorized or are not listened to with the item by them, they will all be identified and will be added to their rightful Coskoror!
