The other cover on the album he thinks I still care, the bells of the ramini, and come and stay with me. During the album recording session, a song record written by Spibavino, titled I'm going to love you, was not revealed on the album but all I really want to do will be taken from the same album and the Billboard hot 100 and reached the #9 on #15 uk singles chart. [10] It went to note that Char is not the most subtle singer, but he is young on these tracks and full of life, as if he really believes in the song he is (a feeling you don't always get on his more light content).
