Ajamal: In this interesting account, Paulo Coelho repeats his Hajj adventures with Camino de la Siudad de Santiago. In their spiritualguidance company, Rasipuran and the mysterious Peter, Paulo face a series of cases and practices, these figures that would allow him to find the sword to convert him into a RAM professor. Camino, in which in 1986, manages to inspire a sahask novel, which at the same time, is an example of blowing a mind about the need to find our way in life. Post-study Compost Lila-Paulo Coelho: Download Com The PDF of Paulo Coelho: Download Coelho: 2019 in concept books Ajamal: Novels that find themselves symbolic that the author's journey of Paulo Coelho with the Book of SCHUMER that Camino De Santiago. Me he expects a bit more from this book, for its author Paulo Coelho and the environment in which the story is called. That doesn't mean to me that it's either bad book. Comment author: CHEMAMR82-As a nexus you have messages you can't or can't share. Otherwise, it is totally unreliable. Comment author: Kitonsrissureo, a very brilliant inward book that pays with the theme of some re-finding on the journey, nothing, no good, and not recommended. Comment author: Launsas-I like this writer and his way of looking at life, but this book looks potentially bad to me. Comment author: Dno Pro-A Heart-Felt Book, although it certainly contains many wonderful elements, but keeps you in the story. Author of Commentary: Sorila-A Story That Is Not Very Good One Of The Most Important Stories How to read from this author by boring and possibilities. Comment author: Naatacastaalove-I can't say it's a bad book, but there are better things to do. Personally, it was the book in which I at least liked about it. Comment author: Solcita. Evans, a book that does not come up with anything, is very brilliant. I did not feel like reading any of this writer. Author of commentary: The Rataramaria-Narration Santiago route as well as the author's real experience. Very brilliant in my perspective, I don't think that's the real thing, Based on Ram beliefs. He personally played nothing for me. Comment author: Arsibi, he gave me a few hours of reading and allowed me to know more than the Alchemist of this famous author. It is nothing but anything. Comment author: LUISCAL, very inward, from this book (read from Coelho in the second), I felt that the author of the comment: Anafreddy, Spirituality, and Magic without much more than setting it up. Comment author: Teknolympos-especially, for me these author books are the best, and this book is not exempt. The plot, story, workout and the original shape of how it describes in the first person is great. I recommend it to everyone, they will learn a lot from this book. Author of commentary: Sardazen, the author's hajj history seemed to me to be unsaved and not literary. Author of commentary: Emilio18-A-In a garden of Tameheed in a city in the south of France. Next to me, a letter from my editor asked me for a prologue for the new edition of Questioning Me. Mineral water. Enough. June 1, 2001 at noon of 27oC. People who talk, people who walk. People who drink coffee and mineral water too. Then I go back fifteen years in time, one afternoon, one coffee, a mineral water, people who talk and walk, but at this time, the stage is lyon, the language is Spanish, my birthday is coming, I left St. Jean Pied-de Port long ago and I'm half off the road that took santiago de Compost ahead. See, The Neres land is rebuilt, the guide is also a coffee at once which seems to have come out anywhere. I look back, the same neres shaved land, with only the difference that the road was a wash. My shoes are still, but it's temporary, the wind will end them before night. I find everything unrealistic. What am I doing here? This guestion continues with me though it is for several weeks. I am looking for a sword . I am fulfilling a ritual of Ram, a little command within the Catholic Church without secrets or mystery, just the desire to understand the symbolic language of the world. I'm thinking I was deceived, spiritual search is still meaningless or logical and it will be better to take care of what I always deal with in Brazil. I'm doubting my sincerity in spiritual search, because it's very difficult to find a God who never reveals himself, pray in the appointed hours, walk on the odd path, discipline, accept the orders that make me feel ridiculous. Here's this: I doubt my sincerity. All these days, Peter has said that this road is everyone's, the common people, which leaves me very disappointed. I thought all this effort would provide me with a prominent space among the few selected that look at the great architipass of the universe. I thought I was finally finding that all these stories about the secret governments of Sagos in Tibet are true, there is no attraction about it, because of the rituals where suddenly the gates of Paradise look. But what Peter tells me is the exact opposite: they are not selected. Everyone is choosing this if instead I do what's here they decide to do what forces at heart. It is in the work with passion that changes, choosing the gates of paradise that goes by him to God. It is a spirit that enclosed us with the Holy Ghost, nor to read hundreds, thousands, of classical lying saiths. This life is a miracle that allows miracles to be found and not for so-called secret rituals or inicid orders to be believed. Anyway, it's man's decision to fulfill his fate that he has really made a man and his theories did not prepare about the mystery of existence. And here I am. Half way out which take me to Santiago. I'm still not sure in the year of 1986, i still don't know if in six or seven months I want to write a book about this experience, which Pastor Santiago already runs through my spirit in search of a treasure, that a woman named Veronica will try to take some pills and kill herself, that The Preler will reach the front of the river stone. Go, cry, her diary. I just know exactly what I am able to talk to, stress, nervous, Peter, because I still realized what I was doing again. This means losing a lot of money at the end of the month, some emotional stability, a task in which I already know and master. I need to change, go looking for my dream, a dream that seems unsaved, funny, impossible to realize: I secretly always wanted to be that writer, but which I don't dare to assume. Peter asks him to continue to pay for their coffee, their mineral water, consumption and walk, because the next city still has a few kilometers. People are passing through them and talking, wandering in anger two middle-aged pilgrims, thinking that many strange people in this world are always ready to try to restore a past that is already dead. [1] The temperature should be about 27oC because it's the end of the afternoon, and I wonder quietly for a thousand times what I'm doing there. I wanted to change? I don't think so, but this path is changing me. Do you want to know the mystery? I think so, but the way i'm taught is that there are no mystery, that, as Jesus Christ said, there is no hidden that has not been drowned in my thoughts, in my insecurity, and Peter should think, I think of his work in Milan. He's here because he was forced somehow by tradition, but he'll likely end up initially to his hope that he likes again. We left the rest of the afternoon without talking. There are no mobile phones, faxes, email satyet. We are isolated in our own mutual lying. Santiago is in front of the D-Committee and I can't imagine that this road will take me not just to this city but to many other cities in the world. Neither Peter nor I know that this afternoon, Lyon, on a point of nowhere, I'm also running in Milan, his city, where I will reach in favour of a book Alchemist after almost ten years. I'm running on my destination, so often dreamed and refused many times. I'm walking to walk on garden ads: 7.73 Mb format: txt, PDF, ePb George L.
