Summer waves pool pump manual pdf

SFS TYPE POOL FILTER MANUAL FOR SYSTEM OWNER FOR OVERHEAD IMPORTANT SAFETY INSTRUCTIONS1. INSTALL THE POWER FILTER3. INSTRUCTIONS FOR CLEANING THE FILTER CARTRIDGE4. With the help of the diversion shackles and 7. INSTRUCTIONS FOR SHOOTING PROBLEMS8. POWER FILTER DISASSEMBLY AND STORAGE084-120839 WITH GFCI - 20131. READ ALL INSTRUCTIONS CAREFULLY AND READ CAREFULLY WHAT IS NEEDED TO ASSEMBLE YOUR TYPE SFS POWER FILTER.2. Before assembling the pool, identify, count and check all the parts needed for installation. 3. It is recommended that you have some oil jelly on hand to lubricate the seal.1. The installer shall follow the written instructions provided for the operation of the circulation systems.2. All electrical components shall be installed in accordance with Article 680 of the National Electrical Code (NEC) Swimming pools, fountains and similar appliances or its most recent approved edition.3. The filter cartridge (9) 3-3/4 will have as much as 2 out of 1 chlorine tablets and 8 will hold as much as 6 out of 1 chlorine tablets. Check the chlorine level to determine the appropriate number of chlorine tablets to be added. The filter cartridge will automatically drain chlorine into the pool when the pump has run. To use a chlorine dispenser, you must have a type of filter cartridge (9) with a central core splitter (see page 3). Do not use this for the removal of chlorine powder, shock treatment or any other type of chemical such as pump damage, filter cartridge and Poligroup Limited (Macao Commercial Offshore), (hereinafter polystythio) only guarantees the original buyer, the SFS type, an electric filter pump against defects in the material and treatment 180 days from the date of purchase. The original buyer must retain proof of such purchase in the form of an original in-store sales certificate and must produce it at the request of the Polygroup or its designated representatives. The warranty cannot be processed without valid proof of purchase. This limited warranty applies only to the original buyer of the product and is limited to repairing or replacing the product, which is determined at the discretion of the group. The postjedical age of the dam, including claims for water loss, pool chemicals, damage or work, are not covered by this warranty shall be declared invalid if the buyer himself changes or repairs the product or unauthorized persons; use non-polystyps parts or accessories with the product; use of the product contrary to the instructions of the manufacturers; the use of incorrect voltage; misuse of the product by all means; accident or negligence. Normal costume is not covered by this warranty, nor are god's actions outside the control of the Polygroup. In no case may polys groups, their authorised representatives, related entities or employees be responsible for the buyer or any other party DIRECT OR INDIRECT DAMAGE. Some states or states or other jurisdictions do not allow the exclusion or limitation of incidental or in-mental damages, so the above limitation or exclusion may not apply to you. If you encounter a problem with a polygroup product, do not return the product to the place or purchase. All warranties must be inauthended directly in poligroup. Before contacting Customer Service, first review the installation manual or review the frequently asked questions on the www.polygroup.com . If the problem still persists, contact Polygroup Customer Service at (888) 919-0070. Prepare the product type and purchase certificate. Our customer service representative will help you solve the problem. You may be required to return all or part of the product for inspection and/or repair. Do not return any product to the Group without permission to return IMPORTANT SAFETY INSTRUCTIONS When installing and using this electrical equipment, basic precautions must always be followed, including the following: READ AND FOLLOW ALL INSTRUCTIONS2. WARNING - Do not allow children to use this product to reduce the risk of injury unless they are closely monitored at all times by an adult who is able to help a child in need.3. WARNING - Risk of electric shock. Connect only to the floor-to-ground container. This product is available with earthy circuit break. If replacing the plug or cable is required, use only the same spare parts.4. WARNING - To reduce the risk of electric shock, replace the damaged cable immediately (with the pump body). Never bury the cable. Find a cable to eliminate abuse or contact from a lawnmower, large-scale border cords and other equipment. NEVER use an extension cable to connect the unit to the power supply; printed socket.5. CAUTION - The power filter is for use only with storable pools. DO NOT use with permanently installed pools. The storable pool is built so that it can be immediately dismantled to store and reassemble to its original integrity. The permanently installed pool is built in either on the floor or in the building so that it cannot be dismantled immediately for storage.6. The unit is available with a ground failure interrupter (GFCI) to interrupt the power flow in the event of an electric shock. Pressing the TEST button will stop the power supply. If you press RESET, the power will return. If GFCI does not work this way, GFCI is impaired. If GFCI stops powering the pump without pressing the test button, the pressure current runs, indicating the possibility of electric shock. Do not use this pump. Disconnect the pump and resolve the problem with a qualified service representative before use.7. Keep these instructions.
