

Used to be a big fan and watch each episode religiously. and stopped this year because the spy episodes are so predictable and members always turn a blind eye so guests can win both, and for more filming material, I realized that there are only 1 hilarious episode every 5 lol. But still, I miss watching this show. What are the best episodes (top 5) this year, not about the importance of guest, but entertainment, comedy or strenuous play? Thank! Page 2 I haven't really kept up with running man avidly since Sechan and Somin joined in - are there any specific recent episodes that have stood out or are funny? I want to start watching it again ~ I haven't followed a person's run every week for the last year or so, so it was interesting what recent episodes you would recommend! Page 2Posted 2 years ago 20 comments I stopped being able to follow RM every week about a year and a half ago. Have there been any good or outstanding episodes since then that you would recommend I watch? Unfortunately I wouldn't have been able to catch up with my huge backlog of missed episodes, so I thought I'd ask the sub for recs! Please share your favorite episodes that you would recommend for new and all viewers! Old themes have passed, so I'm starting a new one. Browse the sidebar to see your streaming options. Be wary of the drama as they have miraculously shared episodes and thus episode 90 is further unresponsive. Here's an equation to help you figure out the dramatic episodes:Mustwatch: Episode 38, 91, 140, 231 - Yoomes Bond Series (no guests) The Yoomes Bond series is hugely popular and it showcases the complex and fun relationship between RM members. It features iconic spy character Yoomes Bond. Episode 42 & 74 - Best RM Member Contest (no guests) These episodes are super hilarious and once again showcase the chemistry between members. Episode 52, 69 & amp;; 118 - Running man hunting trilogy (minimum guest) Extremely exciting and fun. UM members hunt for Yo Je-Souk arch, Choi Ming-so. Episode 123 & amp; 124 - Kimchi making / Running Man King (minimum guest)Hilarious and all around big episodes. Episode 130 & amp;; 196 - Time Travel Specials: Reincarnation/Time Travel (excluding guests)RM members travel through time to get lost treasure/RM members travel through time to better others once again. Episode 146 - Treason Club (Minimum Guest)RM & amp; Members Guests must hunt down the Trio Club of Betrayal. Episode 178 - Han River (no guests)UM members must unite to accomplish their greatest feat yet. This episode gave me goosebose and got me tear-eyed. Episode 159 - True Love (Many Guests)This episode highlights one of the greatest moments of Monday's well-dispatched Couple.Exciting & amp; Amp; Epic Foreign Episodes: Episode 72 & amp; 73 - Hong Kong / Legend of nine dragons Episode 133, 134 & amp; 136 - Macau Vietnam / Legend of the Golden 188, 189 & amp; amp; 191 - AustraliaGust-heavy episodes (Many Kpop Idols): Episode 104, 129, 184 & amp; 201 - Idol Olympics/RM vs IdolsEpisode 162 & amp; 233 - Members of RM Group with Different Groups of IdolsO less Fun Episodes: Episode 13 - Yooruce WillisEpisode 40 - Little FranceEpisode 48 - Lost UigweEpisode 59 - Hip Hop StarsEpisode 79 -Sherlock HolmesPeisode 127 - Elimination/Protection of snake Episodia 138 - Art Club VS Sports Club Episode 163 - Princess JiEpisode 18 - Big Monday a couple of moments, if that's your thing, concept was fun, jongkook and kids against everyone else. The part where they had to choose who they wanted to connect with was great. Episode 50-51 - (episodes of Thailand) for the first time the crew felt their fame outside Korea. Episode 63-64 - (SNSD special) That's how you do an episode with idols. The girls didn't hold back anything. karaoke scene is worth it itself. Episode 98 - (Zombie Infection) is a classic running man, a lot of action. Episode 123-124 of the Kimchi Wars, funnier than you'd expect. Haha and Hyo Joe stole the show several times. Episodes 119, 171-173 and 227 ryu hyun jin/baseball episodes - underrated, in my opinion, everyone talking about park ji sung special, but I prefer psychony baseball. Episode 109-110 (Olympic athlete special) - great guests, the Games were perfect and they made a turn on the classic name of the elimination tag. Episode 111-112 - (movie star special + taeyeon) - the most intense name of the elimination tag in the history of human running, the first part is just a fun mini-game, but when taeyeon is presented all its own. Watch this one if you really want an action packed episode. Episode 141 - (animal kingdom) - is not so good. im only including this is the reason she has Jessica in it. Episode 163 - (seungri, daesung and GD) - is the only big episode you should watch. don't even bother with others. An incredibly funny episode, and as im typing it I realized it is already listed above. Oh, all right. Episode 176 - (the popularity of the male race) - is a really funny episode, all the boys were active in this episode and had their moment shine. Mong MC gets a rare appearance.
