Juliet's sister has been the main source of comic relief throughout the game. Forgetful, long winded, bawdy, and seemingly immune to embarrassment, the nurse is happy to share cringe-worthy stories from her past and Juliet is with anyone who will listen. The nurse has been caring for Juliet since Juliet was born, and even fed her out of her breasts. She loves Juliet deeply and while working for Juliet's parents, Capulet and Lady Capulet, often go against them to do what Juliet wants or needs her. The nurse has a romantic party, often languishing rambling stories about her late husband, and when Juliet asks her nurse to help her secretly meet and marry Romeo, the nurse is too happy to help. At a certain point, however, nurse age and pragmatism kick in—she stops helping Juliet continue to Romeo and begins to encourage her to make a safer choice of listening to her parents and marrying in Paris. Juliet's relationship with her nurse is both complex and comical; although often regarded as a friend and trusting chemist, at the end of the day, the nurse is forced to realize that she ends up a little more than hired to help. The nurse's main role in the game is that of high school mother figure Juliet. The nurse clearly enjoys a closer relationship with Juliet than Lady Capulet does. This is not surprising considering the amount of responsibility she had cared for Juliet since her birth. The nurse's affection for Juliet stems from the fact that she had a daughter named Susan, who was the same age as Juliet, but who died young. Thus, like Nurse's surrogate mother Juliet, so is Juliet's replacement nurse. The nurse proves her affection for Juliet often. For example, when Juliet sets the Capulet ball, the nurse offers her farewell, saying: Go girl; happy nights on happy days (I.iii.107). The nurse is one of the few characters in the game who clearly wants Juliet's happiness. In addition to being emotionally supportive, Nurse also works actively to ensure Juliet's good fortune, as when she serves as a go-between, allowing Juliet's secret trial with Romeo. The nurse remains Juliet's ally to the end, and suffers greatly when she, along with the rest of the Capulet household, considers Juliet dead. The nurse is also a comic figure. She is very talkative, and one of her most common verbal tics is that she constantly makes interjections and interrupts herself. She also often makes bawdy remarks. Often these two aspects come together, as when the Nurse says to Lady Capulet: Now, my virgin twelve years old, / I slain [Juliet] come (I.iii.2–3). The nurse just has to say she called Juliet, but she interjects a strange vow in which she swears by the maiden that she was still there when she was twelve old, even more sense that she lost her virginity thirteen. This is not a sequitur has nothing to do with conversation at hand. The nurse also often literally accepts the words of others, which creates humorous misunderstandings. For example, she doesn't understand the rhetorical feeling of Lady Kaprale's declaration: You know that my daughter's pretty slee is quite a year (I.iii.). Since Lady Capulet simply means that Juliet is married at an age, Nurse replies seriously, saying she knows Juliet's exact age: Faith, I can tell her age to an hour (I.iii.). These humor examples come somewhat at Nurse's expense as they showcase her lower-class upbringing. Looking at this extract, what does it show about Nurse's character and how she feels about Juliet? NurseBut first let me tell you if you should drive him to a fool's paradise, as they say, it was very rude behavior, as they say; for the Shepherd is young, and therefore, if you dealt with her twice, it was truly a bad thing offered to any gentleman woman and a very weak man. Nurse – Character AnalysisThe Nurse is one of the funniest characters in the game and one of the most disturbing. She and Juliet are what seem to be gossiping, pillow fighting kind of relationships at the beginning of play. The nurse, along with Friar Laurence, is one of Juliet's relationship with Romeo promoters. She plays the role of messenger, and it is her idea to bring Romeo to Juliet even after he has been expelled. But when Juliet needs her the most – after her parents order her to marry Paris – the nurse discovers her. Romeo is as good as dead, Nurse tells Juliet, and she was better off forgetting him and marrying in Paris. Is the nurse responsible for Juliet's death? Maybe. Or, as one oh-so-subtle production suggested, definitely: in this production, at the end of the scene, when Prince says that some will be punished, noose fell from the ceiling and turned in front of the Nurse.
