

Fisher price garage 1970

#930プレイファミリーアクションガレージ年作り: Fisher Price Toy Division 7: Playset 1970-1985 Aisle A: Original Little People Big Photo Bigger Photo Description: Action Garage has completed the Little People triangle. The triangle also included #952 House and #915 Farm. A set of garages, houses and farms are proving perennial favorites after 30 years. The garage's longstanding popularity was more impressive given how few accessories it had - only nine, the fewest pieces included in any large base-oriented playset. After 15 years of little change#930はプレイファミリーガレージ #2504 redesigned and experienced several identity crises over the next five years. The base itself is a three-story parking lot with a Masonerit base, white lamps and a three-story elevator. The elevator is operated by a crank on the side, and the bell rings as the elevator moves up and down. When the garage set was first introduced, it was sold in cardboard box was decommissioned shortly after introduction because it was not close to a sturdy location. There is another small rectangular box sold in this set, plain cardboard with a red print on the side. Fisher Price may have replaced the cardboard service van with a small cardboard box for a short time. Neither the van nor the small box were mentioned in the dealer catalog, but both are very rare and are much harder pieces to find on this set. Accessories: Keep in mind that the accessories below are the accessories listed in the Fisher Price catalog. Fisher Price Dealer Catalog of 1970: B930A - Garage Base - Freesomate Base, white three-story elevator shaft, garage with white plastic lamp on back and side, etc., should be used only as a guideline.
