American Journey is a wonderful, readable presentation of American history, from pre-exploration to the present day. Its unparalleled team of authors, including National Geographic, provides accuracy in every detail of narration, maps and charts. Features: Available reading and reading strategies are a prioritySeparable folding — 3D graphic organizers created by students — is a unique strategy that helps students read effectively, and can also be used as assessment or learning tools. A reading guide, waiting to be read, and a summary in each chapter, but students learn to read and process what they have read. The extensive use of graphics, maps and photography creates a visual/verbal approach that appeals to all your students. Meaning is part of every LessonTIME Notebooks allow students to enter the past by learning about everyday life at different times and hot topics of different eras. What life was like and practical history fully engages students in learning and gives them an understanding of the similarities between earlier generations and their own. National Geographic brings unparalleled knowledge to every pageColorable, easy-to-read maps help students understand where and why history. Geography and history tell students how geography and events intertwine to create a history of location or nation. Continuous practice in social studies skillsProgram emphasizes the development of skills — from map reading to analysis of primary and secondary sources to the study of the links between history and geography, economics, government, citizenship and current events. Abundant opportunities for students to demonstrate proficiencyStanded test practice provides systematic, ongoing preparation for tests. As students learn, they are simultaneously preparing to demonstrate their knowledge of American history in standard test formats.
