Here you'll find details of its features and advantages such as Step-Thru design, EKG Pulse Grip, 8 Training Apps, Manual Resistance, Adjustable Seat and more. Read on to learn more about this fantastic exercise bike. Better suit for who? The Weslo Momentum G 3.2 Exercise Bike is an ideal purchase for people who want to start a good fitness routine in their homes. It is a compact machine with transport wheels and therefore suitable for people with small spaces. It's a good buy for beginners and intermediate experts that will give you a good variety workout with its eight training and manual endurance apps. It is also a very affordable bike and is one of the best exercise bikes under \$200. So overall, it's a superb business for anyone who wants to have a healthy lifestyle. Weslo Momentum G 3.2 Upright Bike Assembly, Design & Build QualityAssemblyMomentum G 3.2 Exercise Bike by Weslo assembly is simple and simple. It will take approximately 2 hours and with the help of someone. Part of it comes assembled, and the rest needs to be collected at home. The instruction manual that appears along with the package is good enough to guide you through the process. Design and Build QualityThe design of this Weslo exercise bike is fantastic as it combines the best of an elliptical bike and exercise. It is an ideal hybrid machine for indoor exercises at home. It has a Step-Thru design that makes it very easy for the user to get in and out of the machine. It has an LCD window, elliptical pedals, inertia-enhanced steering wheel, EKG Grip Pulse, etc. It also comes with transport wheels, which makes it convenient for the user to move it when not in use. Its overall design is excellent and offers the best hybrid workout for the user. The build quality of this hybrid trainer by Weslo is robust and robust. It has excellent durability and offers incredible user functions. It is sturdy and can carry weights of up to 250 pounds without oscillating. Even in everyday use, this unit will remain sturdy and deliver excellent performance. The seat is padded and adjustable, which makes it ideal for users of all types. The are stable due to the inertial steering wheel and provide very smooth pedaling movement. Weslo Momentum G 3.2 Vertical Vertical Bike Rate monitoringWeslo G 3.2 exercise bike helps maximize your workout with the help of ekg grip pulse. This is a built-in dual-grip monitor that asses the user's heart rate and flashes it in the LCD window. This reading is useful for the user to maintain their target heart zone and have a healthy heart. It is also useful for goal-specific exercises. Weslo's hybrid trainer LCD Display has a large LCD window that helps track workout progress as it displays training parameters such as Speed, Time, Distance, Heart Rate and Calories Burned. The LCD is easy to read and helps make the user aware of their progress in the exercise. Adjustable seatThe Momentum G 3.2 Exercise Bike seat is flexible, both vertically and horizontally. The user can adjust it according to its height and size and comfortable to sit on it. In addition, the seat is padded, which gives extra comfort during exercise. Magnetic resistanceThe type of resistance this bike uses is Manual Resistance. Helps in building endurance, weight loss, toning muscles, etc. The user can manually adjust the stress level with the help of an easy rotating tension knob and set it to a level that suits your needs. This feature helps the user by letting them start slowly and then gradually building strength and endurance. Pedals The Pedals on the Weslo Momentum G 3.2 Hybrid Exercise Bike are elliptical, and the steering wheel offers a smooth and easy pedal stroke. This action does not tire the user very soon and allows him to drain as much as he wants without any discomfort. Steering wheel weight (lbs)The steering wheel of this unit is an inertia-enhanced steering wheel that provides very smooth and consistent movement. Pulse Grip TypeEKG Grip Pulse helps in monitoring the user's heart rate while he is exercising. It is a dual grip monitor that is built into this machine. It helps maximize training as it helps in maintaining a healthy heart. Compact sizesThe dimensions of this exercise bike are good enough to fit in any room. To complete, it comes with transport wheels that makes it very portable and easily stored. TransportThe Weslo Momentum G

3.2 Exercise Bike comes with transport wheels, which makes it easy to move the machine from one place to another. Thus, it makes it ideal for people who have less space or who keep moving house from time to time. High CapacityThe maximum capacity of the Weslo Hybrid Trainer Momentum G 3.2 is 250 lbs, i.e. and can carry people who have weights up to 250 lbs. This limit if it is good enough and accommodate a large number of people.
