Table of Contents [Current]NameDragon Ball LegendsPackage.com.bandainamcoent.dblegends\_vwNhà ReleaseBandai NamcoOsa Resistance Edition2.16.0Sizes 72MHigh-end MODSC function, All SubQuests CompletedAndroid 6.0Dragon Ball is an animated film, comics that have been associated with childhood for many generations. Do you like this famous manga? Have you ever wished you had the same power as Songop, Piccolo? Good news for Dragon Ball fans, bandai namco will officially release the Dragon Ball Legends game this year. The game was first introduced at the GDC conference. There are quite a few tricks Dragon Ball theme, however, there are very few really attractive games, attracting a large number of players to participate. If you think Dragon Ball FighterZ is the best game, dragon ball legends will probably change your mind. The plot will be closely watched by the originalDragon Ball Legends, which will closely follow the original version. The animated film tells the story of the adventures of the songoku boy and his friends. Along the way, he constantly trains to be stronger, while punishing evil, evil. In the end, he's the one who fights to protect the world from extinction. The game has the same gameplay as bandai another product, one piece: Bounty Rush. In the game, you play as a character dragon ball, take part in adventures and fight with other players. There's a lot of danger ahead. You have to destroy all those who stand in front to be able to win. You need to master the skills of the character, combine well to be the strongest. Did you ever think you could use a kame Hame ha? No need to imagine anymore. Dragon Ball Legends will help you realize your dreams. Character systemYou will be able to meet characters related to childhood such as Son Goku, Freeza, Son Of Gohan, Vegeta, Piccolo, Krillin, Yamcha, Cell ... and more. Each sign has special gears with this badge. You should pay attention to the nature of the blood to calculate how much moves your character can resist. I used to like Piccolo. I'll definitely choose Piccolo while playing Dragon Ball Legends. Especially in the trailer, we also see a mysterious character. I can only assume he has Saiyan's blood because of his intestine, his armor. There has been speculation that this character may have been Yamoshi, the first Saiyan to become Super Saiyan. You're the legend of this nation. Banco has done nothing about this character. Let's wait and see if this character plays a role. The control mechanism of the game is relatively simple, optimized for mobile devices, tablets. You can easily get used to manipulation, but it's hard to become a good man. Dragon Ball Legends has two main modes: Offline and PVP. Unlike other games, the game skills are an unlocked card system that allows you to combine many different moves. GraphicsThe bandai namco operator is never frustrated with the player in terms of graphics. The game has a sharp, beautiful 3D design. Bright colors. The characters are designed in a similar way to the original version. You feel like watching dragon ball cartoons while experiencing the game. The sound of Dragon Ball Legends is also taken care of quite carefully. The characters are relatively standard voice-overs, with many familiar lines in the film. Mod APK version of Dragon Ball Legends: A hot game like DBL's existence in the MOD version is beyond the imagination. In addition, this is the quality mod version. MODOne Hit Kill Win Feature All completed child questionsHow to install Step 1: Install APK (Bypass) You need to install APK Bypass to complete the game tutorial. This cannot be done if you are using the MOD version. Step 2: Follow the instructions As mentioned above. Please fill in-the-game tutorial. Step 3: Install MODAfter completing the tutorial. Install the mod override version. That's right. Downloading dragon ball legends mod apk androiddragon ball legends is really a game not to miss this year.
