The jazz language by dan haerle

Jazz Theory and Practice by Jeffrey Hellmer and Richard Lawn Book \$36.99 Dan Haerle's Magic Book Themes & CD Level: Intermediate/Ad... \$1.00. Start your review of The Jazz Language: A Theory Text for Jazz Composition and Improvisation I'm going to have to reread this forever. I'll have to re-read it forever. ... more This book has the same problems every book about music seems to have: many dominant 7 chord looks like this and then a big chart as reharmonize what with what. Which means it's probably very helpful if you have a specific question that you want to answer, but it falls flat on how I can learn these things? and what are the most important pieces here? As such, I would say that this book is useless for an amateur, self-described musician. This book has the same problems every book about music seems to have: many dominating the 7 chord looks like this, followed by a large chart of how to reharmonize what to do with it. Which means it's probably very helpful if you have a specific question that you want to answer, but it falls flat on how I can learn these things? and what are the most important pieces here? As such, I would say that this book is useless for an amateur, self-described musician. ...
