Infinity gauntlet mod minecraft 1.8.9

use this capability. Note that you will hold the right mouse button if you use the Infinity Gauntlet Gem capability instead of gem's standard capability. Glove will appear when the infinity gaunta will use the infinity Gauntlet Gem capability instead of its standard gem. Some Gem abilities may need more time to hold on, and then others. Power Gem will summon a thunderbolt that deals with damage to objects equal to the amount that the force stone makes normal. (usually insta-kill). This will cause all objects nearby, a range of 64 blocks by default. Mind Gem squeezes xp on a player in his crosshair and gives them debuts. Capture Soul Gem Player. In general, it transfers a player to the Soul Gem dimension to store the player. Shift + hold right-click to release a player. Space Gem Transfers the player to throw a point on a different Dimension. Which dimension can be transferred to is determined by the configuration file. Time Gem Transfer the object in your crosshair to the point of throwing the current dimension. Reality Gem removes creative mode from a player in his crosshair. Throwing in gems and gauntlet You can throw them in with the command. You'll still need op privileges.
