Telltale's strengths are excellent narrative abilities, although the plot of each chapter is very short, but the pace of tension, rich content, climax after other, and deep percussion of the player's mind, to bring the shocking

Empire players of empathy effect. In the second quarter, actress Clementine, after experiencing the murder at the hands of Lee at the end of the first trimester, became physically and psychologically unusually strong, able to survive the turbulent jungle alone and seek help to overcome our inability Imagine the difficulty, after finding a new companion, but also on the frightened team wisely mediating on them , have their own insistence, but also to prove themselves, let yourself be accepted slowly. However, in this 9-year-old girl who has been too old, even adults are Unbearable. Of course, many new images appear in the game, and Telltale uses a few words to make them full. As in the first quarter, The Walking Dead 2 remains the exit of the subchapter, the first The whole story of That Remains about 2 hours or so, although the time is very short, but the plot is excellent, here Xiaobian does not spoilers, like the player or personally feel it.
