## Jc raulston arboretum wedding

Ryan and Rebecca are engaged!! They chose the JC Raulston Arboretum in Raleigh, NC for Engagement Sessions and it was the most beautiful and the perfect weather location. We're sure there was a lot of fun during their engagement session. These two are married in Historic Wakefield Barn in March 2020, and I couldn't be more grateful to be their wedding photographer. They are so excited to become husbands and wives that their love and happiness just spread!! Also, Ryan is really good at making Becca laugh, so the result was way too many gorgeous photos to choose from. (Kind of trouble I like to have!) Ryan and Rebecca

went to UNC for college in fall 2008 when Facebook became a great deal for middle-age college to meet new people before going to school. They have the same exact birthday, February 13th, so they used to say one and other happy birthdays normally. Unfortunately, they had lots of mutual friends, but never hanging out of college. One of Rebecca's best friends moved to D.C. after college and so did Ryan. Fast forward a couple of years, that same friend visited Rebecca in Raleigh and Ryan who happened to have moved back to NC. He invites Ryan to go downtown with them and that's how they formally introduced. Talk about the right distributor!! It took them years to meet face-to-face! But they hit if cut and have been together ever since! Ryan proposed to the top of the Wells Fargo building at Alabama Club where he took Rebecca on their first dinner date. But when they were home that night, Rebecca was surprised with a Engagement Party that Ryan planned with friends and family. How sweet was that?? ... Becca and Ryan, I'm over the moon excited to be your normal photographer. I can't wait to meet all your friends and family and take the beautiful celebration at your wedding. When I asked them to describe how they felt that day they said it was a day filled with love, laughs, and plenty of happy water! We never thought of a million years that we'd been so emotional since we were together for so long and he just reaffirmed our love. I am so grateful that we were able to be part of the times. I know I say it all the time, but we have the best job ever! Conlocation Mary &gt; Marek! Thank you for enabling AO& amp; JO Photography & Art Videography to be a part of your special day! I hope you enjoy these JC Raulston Arboretum Wedding Photos! Do you know Mary and Marek? Show them some love by commenting below! Make reading to hear more about their wedding day from Mary &gt; Marek themselves. What was most important to you when you planned your sex? To lose sight of what really counts; Love. We wanted it to promote, meaningful, and focus on We tried not to get too tied up in the tiny details and skipped some of the typical wedding traditions because all that really counts we got married. What inspiration was behind your theme/style? We wanted a classic, disinfectant. We tried to avoid trending and didn't really choose a specific theme or palet color besides white and complete color. We wanted something that would always be beautiful and amantic year from now. Why did you pick your guy's venue? We were at our ceremony Avenue a few years before a random extendment. It felt like a hidden gem inside downtown. The whole place is beautiful, unique, and peaceful. We loved how you can walk around and feel like you're in different worlds based on what garden you're in. We chose our reception venues mainly based on word of mouth. Everyone said the food and dental top service, which itself was. We also liked the fact that it was in an old historic home with a lot of history and history. It was a different and unique place compared to a typical wedding venue. Described the ceremony, what made him the unique/specialThe ceremony held in the White Garden of JC Raulston Arboretum and was perfect in that it was a simple vineyard enthusiastically enclosed by shaded trees, green, and white flowers. We could really customize our ritual reading whilst we liked because it made it more about us rather than just a cookie cutter ceremony. The fact that we both sobbed basically the whole ceremony made it special because it showed how much we really loved each other. Describes the flowers used for accommodation floralWes keep with our classic theme and choose white flower accents and green like eucalyptus. Exhausted and the buttonny was similar to mostly white flowers, vegetation, and also bereaved with tons of terrain and elements. Describe the reception, what made it unique / reception specialThe privately held in a private room at the second historic Epi restaurant. It was a really relaxed dine and we were able to spend time with all our guests in an intimate setting. If we had a bigger wife we'd feel we'd thickly say hello to everyone and probably would run out of time so it was more memorable in the way we did it. We made some cakes, cut cakes, eat, drink, and play games. Overall, it was the perfect kind of celebration for long lasting nuptials. What was the inspiration of your weding cake? Simplicity. We wanted the actual cake to be white iced with clean horizontal lines and minimal decorations. We used flowers to make the cake really pop. Describing the favor of guests to guests received a hand-decorated, heart-shaped baked lack decorated with white medication and writing that said Marek & 10-10-19. We wanted to give everyone something they would like to enjoy and not something that would just end up in the back shrimp. Who doesn't like a cookie! Our favorite Menu ItemAll of the food really was delicious, but if we had to pick one our favorite thing would be the cake! What are your favorite memories of your marriage? Besides finally marrying each other, our favorite memory is the fact that we had our closest ones all in one place at the same time. We all live in different parts of the country so besides the holidays and vacations we rarely get to see each other throughout the year. Now that your wedding is done, tell us something that all these Brides-to-be out there should have known. Stop insisting the small thing. At the end of the day, settings where these don't really matter with all the beautiful flowers so just choose some. Just focus on marrying the person in your dreams and everything else will fall into place. Also, do whatever you want. It's your day and just because something is tradition doesn't mean you have to do it. We passed a bullet toss, high spread toss, and even danced in our necessity. These elements just weren't us so we didn't include them. Everyone always had a great time!
