You have a boring life in the city, noisy, noisy, etc., so you want to escape to a remote place with fresh air, quiet and peaceful surroundings like shallow places like the village, for example. But what if you went to remote islands and opened yourself a farm, an amusement park, you'd like it? Today, many titles help players relax in farm and urban environments, but very few games allow players to create a small village on the island with self-sustaining essential supplies. Let me introduce you to a great game that will help you build a small village with travel services to a beautiful island called Farmville 2: Tropic Escape manufacturer Zynga. It is home to the famous game Farmville 2: Country Escape, if you love the countryside, you should also try this great game. Gameplay style play like famous games, you will be the owner of a remote island somewhere in the waters of Hawaii. Comes with it, you are a lovely girl who always guides you into playing games. At the beginning of the game, you will have to restore the old inn you present on your own. Repair or build, you must choose the purpose, then the command appears, which appears in the shape of the hammer, hold your hand and drag the target, so construction construction completed in a short time. When the repairs are complete, you will continue to harvest pineapples from the plantation next to the inn. To harvest pineapples, you will choose and hold a knife and scissors around the tree is grown to catch. Besides, just pineapple is coconut trees, and every 8 minutes it starts producing four coconuts. To be able to accommodate fruit, at this time, you are instructed to build silo, and the construction is similar to the inn. If there's a tavern, there must be a bar. You will also have to develop and put a bar anywhere you want. The bar always creates drinks, especially smoothies. To create a smoothie, you need three pineapples, drag and drops of pineapple after a while the pineapple smoothie appears. The bar has a maximum of 2 slots to make any smoothie. To be able to stock vitamins and other items, you are instructed to build a Boathouse next to the Silo store. I don't know where the money comes from? Just that money as soon as possible is to make an order in the bungalow, each order requires a certain number of points, you must choose that after a period of time will stop transport and you will receive money for these orders. A simple, continuous order is money. Playing the game, you will be introduced to other characters such as Domingo, Chloe, Maya, Luis, etc. Every character has a job. You will also have access to new locations on the island, once you reach a certain level, a new area will open, in addition to new items will also be unlocked. Areas authorised access later are Hot Springs, coral reefs, boat wrecks, volcanoes, caves, waterfalls, monkey temples, etc. and many other places are waiting for you. Ensuring an island full of fun is the perfect place to open for tourists, the more your island is expanded, the bigger the visitors get, the experience, the money brought by the guests as well. With features in addition to deep gameplay, playing and developing your island, players can also search for treasures and mysteries buried on the island for a long time, the more you expand the island, the more the amount of treasure there is also more. There are also visits and special places such as volcanoes, caves and monkey temples, these are the most famous sights on the island. Do you know what attracts more visitors when traveling to your island? It's comfortable, building bars, sushi restaurants, sculptures and other shops, a tropical island on which these things are too sensible to open a small business on the island. Besides, you can also build an animal center, in addition to tourists enjoying a vacation, visiting around, is also exploring the animal world here.
