## Bob books set 1 beginning readers pdf

Author Lynn Maslen Kertell explains how to use this set Many early readers contain words that are too difficult for a child who has just learned the sounds of the alphabet. Not these books! Using only the letters M, A, T and S, children can read their first book. Kids love stories and funny pictures and can't wait to read them to everyone they know. This is our best-selling first reader, introduced 35 years ago and used by millions of children. If your child knows the alphabet, Bob Books Set 1 is a book that launches them down the reading path. Inside the box you will find: 12 easy-to-read books, 12 pages of each Consistent Sounds. All letters (except Q) were gradually introduced in this series. Books with only two and three letters All words can be recorded (phonics based) Each book introduces a few new words Limited vision word 7-20 words per book Каталог товаров Теги This popular phonics program effortlessly uses simple stories so that the youngest readers can experience success and gain skills. With four letters from the first story, children can read an entire book. Consistent new sounds are gradually being added until young readers have read books with all the letters of the alphabet. Packed in a sturdy box, the little books feature simple, funny stories illustrated with line drawings to delight children and help inspire the love of reading. Even the latest readers get a sense of achievement when they can read and also be able to finish an entire book. Created by reading expert B. L. Maslen, the ten books in this set with the best-selling reading program in the United States gently introduce children to kindergarten sights. The repetition of the word helps children succeed during the increase in their literacy skills. Full of drama, humor and sweet surprises, these effortless books create a unique first reading experience. Series details: Finishing an entire book alone gives new readers a sense of accomplishment. Created by a literacy expert, BOB Books has bite-sized illustrated stories that use consistency, repetition and humor to target the needs of emerging readers. This award-winning series focuses on the words, phonics and other skills of vision, and is a step-by-step program that guides children in the early stages of reading.
