Decorated with accessoriesYY you can find elephant tattoos with subtle differences such as size, shading, and different colors. This one is simple and has only some brown shades. Like SketchTattoos don't have to be extremely detailed every time. They can also be just like this, with a simple sketch look, accompanied by bright colors!44. Cover Tattoo with ElephantHave old tattoo that you don't want anymore? Tattooing as big as an elephant can certainly hide the footprints of your old one, as long as you have the right qualified tattooist to help you do it! The meaning of Elephant Tattoos in different cultures so you've probably seen some of the cultural significance of elephant tattoos from the above examples. Common associations are always with wisdom and strength, but different cultures can perceive it with a stronger trait as well. Here are some examples: In many African countries, an elephant is considered the strongest animal and therefore the most revered. In India and China, elephants symbolize the highest power. The Buddhist religion attributes to the animal such properties as stability and spiritual knowledge. In the Middle Ages, Europeans also considered the elephant to be a symbol of chastity and love, as elephants abstain from sexual intercourse during pregnancy. In the Roman Empire, the elephant was considered a sign of victory and wisdom, and later, after the collapse of the Empire, the elephant became a symbol of victory over evil in many Buddhist countries Christianity. In the white elephant symbolizes happiness and spirituality; it is believed to bring longevity and fertility. But the most revered elephant still remains in India. Here, the god Ganesha has an elephant's head. He is the patron saint of literature, wisdom and earthly happiness. It is also a symbol of taming passions because it holds a trunk in its hand.45 Cute Elephant TattooThe Elephant is a symbol of peace and friendship, longevity and wisdom, devotion and inner strength. This tiny little friend here sure really looks friendly!46. Full-color tattooIn general, the elephant is good and positive, but at the same time it can be perceived as a very serious symbol. This full-color elephant tattoo on the arm is one example of many other similar!47. How a Warrior Look at This Elephant Tattoo! It's protected by a lot of armor, which doesn't just look like an elephant for battles.48 A simple elephant tattoo, mythology and legends associate elephants with the gods and call it a sacred animal. This tattoo really gives off an atmosphere, doesn't it?49. The appearance of sunflowersElifants is perceived in the ways of different nations. Some of us may perceive elephants as gentle, cute and will never hurt anyone. The tattoo above shows the gentle nature of the elephant.50 Elephant StepsIt the elephant tattoo is a little different from the others. It shows the elephant in terms of

lower eye level with one leg, ready to stomp around. Dotwork BackgroundWhile Most of this tattoo is just a line of art, there are small areas on this tattoo filled with intricate dotwork that makes it cute and unique design.52. Amazing Colored Elephant TattooThe Color Choice in this elephant tattoo is the perfect fit! The shading and colour tone were perfectly thought out in this piece and we absolutely love it.53 Decorated with decorative chains These chains do not bind the elephant in anything. Instead, they make the elephant more elegant and wise, almost like a sage!54. Show Elephant Tattoo PieceIt elephant tattoo is very different from other parts here. Looks noticeably more feminine with eyelashes, feathers and flowers.55 Realistic Elephant Tattooit must have taken a lot of pain and time to finish this tattoo piece! There's so much shading involved that the tattoo looks like a black and white photo now.56. Since purple gemWhen is associated with religion, elephants are often associated with unique colors as well, especially orchids.57 Arm Elephant TattooThis tattoo has it all - dot, floral motifs, flashy backgrounds. What else can a man in an elephant tattoo ever need?58. ColorsThe only linework in this elephant tattoo here is the plan. The rest of the elephant is left to us to present with colored spray!59. Adorable Deity This must be the cutest tattoo image of one of the strongest Hindu gods! While his gestures and elements are supported, the overall look is now cute and adorable.60. Green, Green EyesWhile the other parts of this tattoo are relatively cartoon-ish, the eyes seem a little more realistic, giving this tattoo a unique look. Elephant tattoos for men and WomenElephant tattoos are good for howing and confident people. This animal can also help in acquiring some necessary qualities for a ruler or leader, such as wisdom, intellect, dignity and humility. In any case, the meaning of tattoos is unique and interesting. This tattoo combines the wisdom of thousands of years, so it is very strong and worthy. What's more, they look beautiful in every design and on every part of the body. An elephant tattoo sketch is usually made in color. Most often, the template is applied to:shoulderhipbackforearmneckribs.61. Pink OutlineThe Elephant is a symbol of strength and understanding, but a tattoo like this one can only reflect the gentle side of an elephant!62. Some simple elephant tattoos with geometricsThere are just a few colors and line sketches in this simple elephant but it's enough to make the tattoo seem artistic and bright in color.63 Partial watercolor FillingThe shading in this watercolor elephant tattoood on a human arm are only partial - it's not completely shaded and it looks like a wide watercolor brush smear. The texture looks soft and natural!64. Since Guan YinElephant tattoos seem to have had some influence from Chinese culture as well. Have you ever seen elephants that were signed together with Guan Yin, the Chinese deity? Now you have!65. The appearance of the Deity There is a gentle benevolent look of this Hahneshi tattoo. We talk about it because of the expression in his eyes.66 Mother with their childrenThis elephant mom had two offspring and it seems that they are doing well! Elephants or not, mothers often take good care of their children.67 Freckles on The Elephant in TrunkOkay, so it's not freckled per se, but they seem to like it all the same in this elephant tattoo. Doesn't the texture look realistic?68. Elephant Tattoo Glow UpWow, this tattoo sure has improved a lot from its original look! The tattoo artist changed the old elephant tattoo only with the elephant's head in a full-bodied tattoo.69 Lions and elephants may be kings of the jungle, but elephants are still the biggest creatures walking through the forest!70. Simple geometric ColorsColor choices and where shadows go are essential in determining how solid and glassy the elephant tattoo looks. Simple colors and shapes work better!71. Compass and elephantCed the trunk that long, this elephant tattoo can certainly hold the way! There are many or random shapes and motifs that make up this elephant tattoo here.72. Small geometric elephant tattoo for women It looks just like an origami elephant that is just adorable! These little elephant tattoos can be easily hidden from the viser because it is so small, but it can still get some attention with its pretty appearance. White HighlightsThere is one of the super important aspects of art that is often overlooked by budding artists - highlights. This elephant tattoo has bright, white glare to make the tattoo more realistic!74. Elephant and mouseMost of us have heard about how elephants are afraid of mice. It's true? If so, it must be one brave elephant!75. Tattoo an elephant with a Gold Star While this image is in black and white, it feels like the image has colors that we can see in our minds. This is the power of images! Elephant tattoo types for ladies and WomenGirls choose for sketches of elephant tattoos such types as: minimalismlineworkrealismneo-traditionalwatercolorgraphics76. The Elephant With His Back on treeThat is one adorable little elephant! This elephant seems to be sitting on the floor with its back to the tree. It even looks so very happy!77. Elegant Elephant Tattoo for WomenThis Elephant tattoo will be very suitable for women. It has a simple design and colors, but they fit along with an intricate and delicate design. Elephant Tattoo on the Neck AreaYou can also choose to tattoo your elephant on other areas besides the arms, torso or back. A small area on the back is suitable for a small tattoo like this one!79. Elephant Outline Tattoo with floral designThe tattoos are large, as it is pointless to depict such a large animal in a small size. One way to make these big tattoos look a little smaller is by filling a large contour with less design motifs. Elephant head on the back of his handLook where creativity can bring you! This elephant tattoo on the arms is different only by the elephant's head, but it looks so lovely and it fits very snugly on the area.80. Elephant Half Sleeve TattooElephant half sleeve tattoos can be suitable for both men and women, especially paired with additional decorative motifs for this amazing creature. Almost like MandalaLook on how delicate this elephant tattoo idea turned out to be! When intricate decorative curls like what you can find on mandala designs are inserted into tattoos, it can instantly appear much more feminine. Bright ColorsThe easiest way to make a tattoo look bright using bright, pastel colors. Common shades include light blue, purple and indigo. These colors give a sense of cosmic experience!83. The curve of the Elephant TrunkThis dotwork elephant tattoo piece put a lot of emphasis on the details in the texture of the elephant's skin. Only intricate point works can give this perfect look!84. The elephant tattoo on the arm with the elephants is associated with wisdom, it is not uncommon to see them tattoood along with inscriptions. These texts can be anything and it will still make your tattoo look wise!85. Realistic elephant tattoo with Cartoon-ish BackgroundWhile Elephant looks photorealistic, the green and orange background doesn't look like him at all. So this tattoo looks pretty contrasting with the elements inside itself.86 Elephant with Jewel and FlowersMen and women sometimes tattoo the back with an elephant sketch. These tattoos have different options, but the one pictured above seems to be a common recurring theme.87. Like Batik DesignThere many pictures of elephant tattoos are just like this one on sites about tattoos that represent how diverse tattoos are with elephants. Trunk Held HighBe is happy with itself and proud as this little baby elephant is here with its trunk high!89. The large elephant tattoo on the arm for the strength of the MenAn elephant is most obvious when these animals are portrayed with their head and trunk held high. We can almost hear the elephant roaring just from this tattoo!90. Intricate Elephant Tattoo DesignWow, It's Just Beautiful tattoo, isn't it? This elephant tattoo is signed on the arms, so has the sense that the design is as intricate as it shows here.91. Watercolor Elephant Tattoo Designs This elephant tattoo looks like she has just been signed, watercolor style. Isn't that beautiful? We like how the tattoo turned out to be similar to the picture!92. Ganesha is known as the mighty God, some of them also portray him as leaning more towards the female side rather than the usual male performances.93 Elephant tattoo for women on the shouldersfeminine tattoos are noticeable because of their bright colors, interesting design, use of floral motifs and jewelry. Tattoo above gives a feminine atmosphere, doesn't it?94 Star Night with an Elephant Is another example of an elephant tattoo that uses the space inside it. Instead of a stereotypical elephant tattoo, this one contains a night sky and a forest inside it!95. Elephant and Dream Catcher TattooSince elephants are often associated with wisdom, peace and tranquility, and some people tattoo elephants along with the dreams of catchers that help protect them from bad dreams. Elephant Tattoo Styles for MenBoys, meanwhile, will opt for elephant tattoos in the following styles: realismlineworkgraphicstrash-polkablack-and-white.96. Realistic elephant tattoos for menAre you're looking at how realistic an elephant looks? Even the small cracks of skin on the elephant's face and trunk are accentuated!97. The intricate WorkThis line is another top favorite tattoo style among men. This elephant tattoo is made entirely of fine lines and some dotwork only. We can understand why this is a popular choice!98. All kinds of graphics There's a mixture of different artistic and graphic elements in this back of the elephant tattoo. If you look closely at the ears and torso area, you will notice a lot of patterns embedded in it!99. The basket PolkaTrash polka designs take after a few elements, including realism, surrealism and some bright colors.100. Black and white elephant TattooMen also prefer black and white tattoos compared to full-color. So you could find an elephant tattoo as shown above on men, not women! Celebrities' Elephant TattoosEven celebrities have their own elephant tattoos. There are two, however, which is particularly striking. Eleanor Calder has an elephant tattoo on her right wrist. Samantha Maria has a large elephant tattoo with a feather in her trunk on her arm. Renee Phoenix of Fit For Rivals has a circus elephant tattoo on the back of her left arm. Have you seen these elephant tattoos on celebrities? How about other designs that you can see in this list of 100 elephant tattoo design ideas?
