Vortex strike eagle 1-6x24 scope

กລົດຕື່ປີ Strike Eagle Vortex 1-6x24 AR ສັງລືບນ BDC ຮັບປະກິ 10 ປີ Speed and Versatility - that's what Variable Optics 1 offers AR shooting that needs to attack targets from point-blank range for extended ranges. And that's exactly what you're going to get with Vortex's new strike eagle 1-6 x 24. Consider how much it costs to get into this ethic, and you may find you can't afford not to buy it. Whether you're burning a phase of a 3rd gun, sipping some range time, or holding hair on a coyote you've been cheating to think you're lunch, Eagle Strike is up for mission. High-quality, plucky lenses provide a clear, crisp visual image and optimal low-light performance. One real power at the low end of the 6x zoom range provides rapid target acquisition in upcoming quarter scenarios. Need to attack targets in the distance? Turn it up up to six times and let it rip. Magnification 1-6 x Objective Lens Diameter 24mm Bullet Eye 3.5 Inch Display Field 116.5-19.2 ft/ 100 Meter Tube Size 30mm Turret Style Crowns Match Finish 1/2 MOA Travel Round 44 MOA Max Height Match 140 MOA Max Windage Match 140 MOA Maxi Windage Match 1 140 MOA Parallax Setting 100 meters Length 10.5 inches Weight 17.6 ounces Product Guide (PDF) Download Product Guide 2 (PDF) Download Lengths L1 L2 L3 L4 L5 10.5 2.9 2 6.6 3.9 dimensions measured inches. AR-BDC RETICLE A glass-engraved, illuminated AR-BDC network with popular 5.56mm cartridges, and the centered aura promotes rapid target acquisition. Sub-pressure information for Strike Eagle's AR-BDC 1-6x24 network. > Read the AR-BDC Reticle guide for details on using the retit for compensation and a variety of bullet release. ♥ໜ້າ ດ້ວຍ OVT-SE-1624-1 Whirlpool Manufacturer ອຳມະນຸ 1ຄູ່ວັ-6x 1-6x 1-6x 1-6x 1-6x 1-6x 1-6x 1-6x 1-6x 24 Reticle AR-BDC Parallax Adj. ໄ ະະ Paralex (Yd) 100 - Infinity ດັບ (mm) 266.7 ນັ້ນັກ (g) 499 Hose Size 30mm ອອກ ♥43ສົວ.2 ຖຸ (mm) 30.5 ▼ອອກ(ສົວ m) Only 43.2 registered users can write reviews. Eagle Strike 1-6x24 Dimensions (Ins) Lengths L1 L2 L3 L4 L6 10.5 2.84 2.13 6.53 3.9 Dual use for tactical shooting/hunting included in removable lens box Lens Cap Fabric CR2032 Battery Magnification 1-6x Target Lens Diameter 24mm Eye Reliefs 3.5 Inch Display Field 116.5-19.2 ft / 100 yds Tube Size 30mm Turret Style Crowns Graduation Adjustment 1/2 MOA Travel Round 44 MOA Max Height Adjustment 140 MOA Max Windage Match 140 MOA Parallax Setting 100 Meters Length 10.0.10.10 5 Inch Weight 1 7.6 oz Reticle Manual (PDF) Download Parts Diagram (PDF) Download Product Guide (PDF) Download Dual Use for Tactical Shooting/Hunting XD™ Glass Low Dispersion Lens Elements (XD) increases resolution and color fidelity, resulting in crisp sharp images. , proprietary full multi-coating coatings increase light transmission with multiple anti-reflective coatings on all glass air surfaces. The reticle scale of the second focal plane maintains the same ideally sized mirror. Detailed retical sub-pressure used to assess range, wind maintenance and erosion correction are accurate at the highest magnification. Cone glass reticle allows for complex reticle design. Protected between two layers of glass for optimal durability and reliability. The illuminated Reticle provides precise guidance in low light conditions and a tube size of 30 mm in diameter provides maximum internal adjustment and power. Single-equipment tube maximizes alignment for improved accuracy and optimal visual performance, as well as ensuring power and sealing. Aircraft-grade aluminum was built from a solid block of aircraft-grade aluminum for strength and rigidity. Waterproof O ring seals prevent moisture, dust and debris from resurging binoculars for reliable performance in all environments. Purifying fog-proof nitrogen gas prevents internal fog across a variety of temperatures. Rough, shockproof construction is facing a thyself and an impact. Hard Anodage Finish Very Durable Hard Coat Anodance provides a low glare matte surface and helps disguise the shooter's position. Crown reset spires allowed a quick index of the turret (no tool required) to reset after viewing the rifle. Capsules provide external protection for the turret. A quick focus viewfind allows quick and easy focus of the retit. Rated 5 out of 5 by WilliamColeWilson23 from great scope at a good price! I bought it for AR and really enjoyed it, when I saw it I was amazed at how tight my teams were. The different brightness levels are great and love the idea of BDC. Works great combined with green light for hunting coyote/pigs at night. Plus, it comes with mirrors upside down and I got a whirlpool hat with my order. Great scope for price does everything I wanted, preferably buying red And a magnifying glass in my opinion because it would do a lot more. It was my first vortex I couldn't believe the brightness of the glass and it made me believe. Looking to put another optic of Vortex on other guns I have. Release Date: 2017-06-15 Rated 5 out of 5 by Jmurphr3 from an incredibly stunning scope I last received it as a gift a few weeks ago. It's just amazing! Crystal clear glass, comes with flip covers to each end, and not too heavy. Manno is short and sweet and straight to the point with how to pinch it. He's got a lot of relief in his eyes. I've never had a good scope and I've always wondered how you use it with both eyes open. Well, this scope is one that allows you to do just that quite easily. I like the sweet, too. You can see it during the day on the highest setting. Multiple subtle settings for the lighting of the retit. Overall you can't go wrong with the strike eagle. Plus, you can't beat a lifetime warranty! Release Date: 2017-06-15 is rated 5 out of 5 by J.R. from super large circumference. I got into three guns this year and started with four times the range, let's just say you won't be correcting expectations. It starts shaking free from the surprise and won't last zero. I noticed so many others using turbulence and decided to upgrade two months ago. I'm very pleased with the clarity and how lightweight it is. It holds dead zero for me at 200 meters and very easy to use. At a price you can't beat the scope of it. It will be hard for you to see the past 400 but not a big problem for 3 gun competitions. I would love to be funded by Whirlpool and have a great customer service team with a lifetime warranty on their products.
