Benjamin franklin elementary school anaheim ca

Dear Franklin Families, I am pleased to welcome you and your child to the 2020-2021 school year at Benjamin Franklin Elementary! I am proud to continue to serve as principal of your school, and remain committed to providing every child with the best possible learning experience. I am dedicated to providing our students with [...] Artwork from Anaheim Elementary School District Students from thoughts of the PTA Art Contest The national PTA reflections program has inspired student artists for over 50 years. Each year, over 300,000 students in Pre-K through Grade 12 create original artworks in response to a theme chosen by students. The theme for the program year 2020-2021 was I Matter Why Students were encouraged to reflect on the subject by exploring their thoughts, feelings and ideas. Each entry is accompanied by an artists statement, in which the student explains his feelings or thoughts about art. Students were invited to submit art in the following categories: Visual Arts, Literature, Film Production, Dance Choreography, Music Composition and Photography. Muzeo is proud to feature artworks from students in Kindergarten grades up to 6 in the categories of Visual Arts, Literature, and Photography. Flu season is here and it's a good time to get your flu vaccine. Free Drive-Up flu vaccines are available for all students. The Centers for Disease Control and Prevention (CDC) recommends that everyone 6 months and older get the flu vaccine (flu vaccine). You can protect yourself and those around you by getting a flu vaccine. For a given grade level, all English scores are placed in a sorted list and a percentile is calculated for each score, based on its position on the list. Math and English percentiles from (a & b above) are weighted, based on the number of students who completed each type of test, to create a combined math+English weighted percentile for each school. The combined math+English weighted percentiles are placed in a sorted list for the specific type of school (primary/medium/high school/K-12) and a percentile-in-school-type is calculated. How percentiles work: the school percentile is a number between 0 and 100 that reflects the percentage of schools of the same type (elementary/middle/high school/K-12) in California that equal to or lower combined math +English weighted percentile (from 1-c above). For example, a school in the 70th percentile would have a combined weighted percentile equal to or better than 70% 70% other schools of the same type. The CSR ranking is determined by the percentile of a school compared to other schools of the same type in California (from 1-d above). (1 is the worst, 10 is the best). Schools in the 90th percentile and above have a ranking of 10, 80%-89.999% ranking 9 and so on. A similar number of schools occupy each grade. * This ranking comes from data in the California Student Performance and Progress Assessment (CAASPP) in 2016. Alternative schools receive percentiles, but are not ranked More info: 2016 CAASPP Paper based on test results fiscal, demographic, and performance data for California's K-12 First Time Here? Learn more about how to join Homes for Rent and Sale near this school This school is rated above average in school quality compared to other schools in California. Students here are doing above average year-on-year academic improvement, ... More this school has above-average results in how well it serves disadvantaged students, and students perform roughly on average in state exams. Students at this school are making more academic progress from one class to another than students at other schools in the state. Parent edge Test scores at this school are about the same as the state average, though they are still below the top performing schools in the state. Because exam scores in some states are so low, many students at this school may not perform at grade level. Parent Tip Notice something missing or confusing? Disadvantaged justice students at this school perform better than other students in the state, although this school may still have achievement gaps. Parent Advice Student Results from Percentile Academic Progress Low Income and Underserved Students All other students in school ENVIRONMENT VocabularySpellingCity's mission is to facilitate the development of vocabulary, phonics, and writing skills through a word study tool that allows differentiated teaching while working with vocabulary and spelling word lists. The website was particularly useful in involving struggling students, facilitating English language vocabulary skills with PSE students, creating a school-home link and simplifying the administrative work of teachers and parents. The most popular learning activities are the word unscramble, wordsearch, hangman, crossword, alphabetical order practice, grammar, handwritten practice worksheets, and activities Activities.
