Students here are doing about the average year-to-year academic improvement,... More this school has a below-average result in how well it serves disadvantaged students, and students perform about the average on state tests. Students at this school make average academic progress from one class to another compared to students at other schools in the state. Parental tip test scores at this school are about the same as the state average, though still below the most effective schools in the state. Because test scores in some states are so low, many students in this school cannot perform at the class level. Parental Advice Show More Tests Notice Something Missing or Confusing? Equality of disadvantaged students in this school may lag behind other students in the state, and this school can have significant achievement gaps. Parent Recall Student Results on Percentile Academic Progress with Low Income and Under-Tamina Students All Other Students at ENVIRONMENT School (10 Better) Better Than 15.6% of SC schools. (10 better) Better than 14.2% of American schools. Published October 30, 2020 Presented by a parent This school must hire competent teachers who will communicate with parents, and not be angry with parents when parents ask questions about their student classes and assignments. All in all, this is my student experience was terrible. Published October 15, 2019 Presented by a student His amazing and I estimate his 10 out of 10 published september 17, 2019 Presented by the parent My son visits Kelly Mill. This is the perfect magnetic school where the teacher focuses on you. Published February 20, 2018 Presented by Parent We have lived in several states across the U.S. and this is an outstanding school and community! Published August 11, 2015 Presented by a parent I would like to consider myself an expert on this school, that is because I have 3 students attend KMMS in the INC program. One son graduated last year and is doing great in high school and I am now an 8th grader and a 7th grader coming now. I am very knowledgeable about the culture, teachers, administration and work of this school. It ran very well and I couldn't be happier with the overall educational experience my 3 kids had. Combined with excellent muik, art and sports programs is a great choice in Richland 2. In fact, I would say it's the best: better than Blythewood with the key fact that your student will get a great education, but unlike Blythewood, where students are predominantly one race, you get a good experience and the result of the diversity of the student body and staff. Published August 11, 2015 others We had 3 children go through this school in the INC program. They all loved their school and excelled. Published August 07, 2015 By Parent My Stepson attended by Kelly Mill Middle. He was well below his level of class in reading. Kelly's teachers worked with my stepson when he left in 8th grade. He read at the reading level of the 9th grade. Kelly Mill Instructors really came together to help us with getting and keeping our son back on track. It's an amazing school. Published March 16, 2014 Presented by Mr. Temoney's teacher, the new Director, has indeed created a new, attractive environment for all students, staff, community members and parents. He's turning the school around for the better slowly but surely. As a teacher at KMMS, I was once very negative about my school; However, I have to say that I enjoy coming to work now and believe that our school is one of the best schools in the state. Published February 11, 2014 Presented by parent Kelly Mill is a fantastic community school. Don't let Grade 2-8 fool you-middle school class 6-8 campus. The Achievement Center is a separate building, which houses a small number of junior children 2-5 who need a smaller, more intimate class setting to achieve. This school has nothing to do with Kelly Mill MS. The INC program in Kelly Mill is outstanding, and the music department (group, choir and orchestra) are exceptional-one of the best that you will find in any high school. The teachers are very caring and the new principal, along with the administrator's team, is ideal for the school. Published November 21, 2013 Presented by Parent Teacher Awesome! Both my children had a lot of experience in art. The music department hands down the best! Thanks for submitting the rating for !
