CAUTION: THE SAVINGS YOU ARE ABOUT TO CREATE ARE NOT FOR THE HEART WEAK IN LARGE AMOUNTS! IF YOU'RE NOT OK WITH SAVING THOUSANDS OF DOLLARS EVERY YEAR PLEASE LEAVE NOW!! WATCH A FAST RUN OF ALL MAJOR APPS AND OPTIONS It's time to cut the cable, fire cable companies, boycott theaters and stop paying tons of cash for 00:34 seconds of UFC fights; because now you can get all this completely 100% free of charge in the comfort of your own living room. There are several ways to take advantage of this hidden resource of premium entertainment. Free live streaming of each cable channel in 10 different languages. Sports channels, movie channels and private channels. It gives you instant access to all premium channels, including a variety of HBO's, CINEMAXs, SHOWTIME's, and STARZ packages. You can use your mobile phone

whether it's an iPhone or Android. For a larger experience, you can use your laptop or desktop computer alone or by plugging it into your TV. And finally, you can buy legal set-top boxes that create a media center experience through the HDMI port on the back of your TV. Tons of options that give you complete freedom from your favorite movies and TV shows at no monthly cost again! There are 4 main mobile phone apps that provide access on the road. These apps give you the ability to watch movies still in theaters and watch all your favorite current and old TV shows in the world crystal clear now providing the power to banish Netflix, Amazon Prime and Hulu plus! BEFORE INSTALLING THE TOP 3 APPS YOU NEED TO DO THIS WITH YOUR ANDROID Device SETTINGS: 1. Settings > Security > Turn on 'Unknown Sources' (This step may vary depending on android version or device, but basically you need to turn on the option that allows you to install out-of-market apps) THEN DOWNLOAD SELECTED APPS & INSTALL THE .APK FILE 1) POPCORN TIME #1 popcorn and collect around your mobile phone or now your computer. It's the great thing about a free built-in VPN that masks your device from prying eyes who want to know what you're doing. (Usage Protection). Popcorn Watch is not available in the Google Play store, so users need to side-install it on the device. POPCORNTIME has now replaced the time of #1 high-quality movie streaming app for movies and TV shows, the now defunct popcorn, which has made a big difference to many, including my wife, is that it is building subtitle integration! Also a DOWNLOAD PHONE VERSIONS ANDROID & IOS 2) SHOW BOX HD MOVIE APP SHOWBOX includes a free TV shows and movie streaming app for any Android device. It is considered one of the largest free Android apps as it allows users to watch HD movies for free. Show Box is not available in the Google Play store, so needs to be side-loaded Device. Show Box can be installed on an Android (phone or tablet) or Android-based device (Kindle Fire, BlackBerry, etc.). Unfortunately, if you receive the Show Box stopped error after the new update, go to Settings > General > Apps > Show Box > Force Stop, then clear the data and restart or reinstall Show Box. Really free movie is a great way to get fast and clear! 3) POPCORN TIME #2 BETA 4 DOWNLOAD MOBILE PHONE OR DESKTOP VERSION) VIGGLE REWARDS APP Viggles is an app available in the Google Play store or you can download it directly. This app is available on any ANDROID DEVICE, APPLE DEVICE or WINDOWS PHONE. How it works, you'll be rewarded for listening to television and music. If you accumulate points you can be traded for premium content including brand new movies, TV shows, music and even popular gift cards. You can record audio at home, on the computer, or while listening to your favorite streaming apps like Pandora and SoundCloud. You get bonus points to sign up. 100 points per song were listened to and television and movies watched with 1 point per minute. You can also get a large amount of bonus points to watch genius in special programming. Completely Free to download if you want to run it on your desktop computer or laptop. KODI XBMC media center software has been around since the original XBOX's modded. These days people are hacking Amazon Fire TV and Amazon Fire Sticks to install KODI/XBMC. KODI/XBMC allows you to get UFC Fights & Boxing Matches to display free cables, movies and paypers. You can find independent set top boxes that work like cable boxes that give you multiple sources of extended premium cable for free; live or on demand. If you are not technically savvy, usually less than \$100, you can buy a stand-alone box that is loaded that will make getting a plug and game option on all these free live cable TV, new movies and premium cable channels in advance kodi/XBMC. Are you ready for the next level of Android TV and XBMC experience? Enter G-Box Q, the world's first high spec TV box. Rated as an android box by #1, the Matrix G-Box runs on 8-core processors / Octo Core is impressive [2GB Ram/16GB Internal Hard Drive/4K video capability] coming integrated with G-Box Q high-speed data which is required for today's cutting edge 4K media, which provides a stable and fast connection. Matricom is a pioneer in Android set-top box technology and brings the best to the table. With a #1 world-class, 1 year + support if necessary, there is nothing to worry about if something goes wrong. With KODI/XBMC you can integrate hundreds of different apps and programs to get free content, but there is a simple way to install and integrate the latest plugins. Has plug-in key. There's a vehicle called BLAZEKEY. Some pre-installed top channels include 1Channel, Genesis, Phoenix, Zeus, Robocop, Robinhood, SuperStreams, Sportsdevil and much more. This switch can be used on several devices so that if you have several TVs at home, you can install the best plugin apps for KODI/XBMC quickly and easily. BlazeKey® G-Box Q and Kodi Key - It Programs Your G-Box Q or Kodi App - Easy Automated Setup - Lots Of Add Ons & Applications - Free and Unlimited Movies, TV Shows, Live TV - Lifetime Support and Updates The last step to make search and navigation functions quick and easy is to get a KODI XBMC wireless keyboard with touchpad mouse mouse. Fire TV device features for all models are provided here. Because specifications are designed for developers who create applications without consumers, Amazon.com more detail than product pages. The Fire TV device family includes the following types of devices. Fire TV Version Direct TV hardware means smart TVs with built-in Fire TV. TVs are usually partnerships with Amazon from third-party manufacturers and are usually country-specific. Fire TV Cube means the cube form factor (no need to press the microphone button on the remote control) of Fire TV devices that offer remote area control with Alexa requests. Fire TV and Echo mix. Fire TV Stick means streaming media players in the form of a small bar that connects to the HDMI port with the stick form factor. Lightweight, portable, powerful. Fire TV means Amazon Fire TV devices with necklaces (small box hanging from USB cable) or set-screen box. This model is defined in the original design and category. Fire TV Soundbar means Fire TV devices in audio bar format. These audio bars connect to your existing smart TV and also offer a rich sound system. Each of the Fire TV devices above is described in more detail below. TV Devices Device Description Fire TV Edition Smart TVs The smartest TVs are produced by other companies such as Toshiba, Insignia, Element, JVC, Grundig, etc. These third-party manufacturers include Fire TV as the operating system for TV. Most smart TVs are only available in select markets. Fire TV Cube Fire TV Cube is the only Fire TV device that offers complete remote area control. Fire TV Cube has two generations: Fire TV Cube 2nd Gen (2019) Fire TV Cube 1st Gen (2018) Fire TV Stick Fire TV TV Stick Fire TV Stick There are four design lines: Fire TV Stick, Fire TV Stick 4K, Fire STICK TV Lite, and Fire TV Stick Basic Edition. Each design line has different generations. Fire TV Fire TV has 3 generations. The first two generations have a set-top box shape, a pendant shape hanging down the third HDMI port. Fire TV Edition Soundbar means Fire TV devices in audio bar format. These audio bars connect to your existing smart TV and also offer a rich sound system. As with Fire TV Edition smart TVs, sound bars are often produced by third-party device manufacturers. There is currently a sound bar: Nebula D3000 Soundbar (2019) Tip: If you are trying to figure out which Fire TV device you have and the above does not help, see <a0> </a0>. In the Fire TV Devices Help section on the Amazon retail site. You can also download an app called Whistleblower to collect these details. (Note that Informer is a third-party app that is not affiliated with Amazon.) Last updated: November 19, 2020 2020
