Today we lost legendary artist and artist Prince. Instead of our regular weekly featured playlist, we've assembled a collection of Prince's live performances to remember how amazing a person and artist he really was. Much of Prince's music is not available on streaming services, but some live performances are available on YouTube. Which is perfect: Prince excelled on showmanship, so it's fitting to review his work on stage, including the time he played Purple Rain at the Super Bowl during a downpour, which was absolutely legendary. Back in June, the couple also broke away from the joint charity they shared with Prince William and Kate Middleton; trademark application was filed a day after announcing the split from The Royal Foundation.The following month, the couple unveiled their new charity, Sussex Royal, which is incidentally the same name as their royal Instagram handle. While it is not yet decided exactly what the future charity will focus on, the Duchess of Sussex has hinted that she is passionate about strong, community-based projects. Over the summer, the Duke and Duchess asked their followers to share some of their greatest inspirations, to give them a bigger platform. We want to know who your power for change is, they wrote then. Every month we change the accounts we follow to highlight different causes, people or organizations that do amazing things for their communities and the world at large.
