Go to the content CHOOSE 3, 6, or 12 MONTHLY SALARIESEnable designed for loans offering flexibility and control over your budget. Affirm offers rates as low as 10-30% APR based on credit. Actual prices are displayed at the checkout. REAL PEOPLE. REAL SUPPORTAffirm has a dedicated team in San Francisco affirm HQ, ready to answer questions and help out however they can. FAQWHAT IS REQUIRED FOR THE YES CLIENT ACCOUNT? Whether you're 18 or older (19 years and older in Alabama or if you're a Nebraska state heathen). Enter the valid U.S. or APO/FPO/DPO home address. Buying affirm is not currently available to West Virginia residents. Enter a valid U.S. mobile or VoIP number and agree to receive text messages. The phone account must be registered in your name. Enter your full name, email address, date of birth and last 4 digits of your Social Security number so we can verify your identity. Do you have a credit limit to confirm? Unlike a credit card, Affirm has no revolving credit limit. While customers can take out multiple Affirm loans at once, each Affirm loan application is valued separately as a closed-end transaction. However, a request from a returning customer may be denied if the customer has not denied other Affirm loans in time or if the customer exhibits excessive borrowing behaviour. HOW DO I PAY MY BILLS? You can pay your Affirm accounts online www.affirm.com/pay. They also pay by credit card, bank transfer and delicacy. Will the credit check finally confirm it? Yes, when you first set up an Affirm account, affirm implement a soft credit check to help verify your identity and determine your eligibility for funding. This soft credit check does not affect your credit score. Why was diskani there to pay a deposit with a credit card? Confirms trying hard to approve every purchase, but sometimes does not approve the total amount. When this happens, affirm provides a debit card down payment option, so you can still complete your purchase right away. Why did you ask for a checking account? Confirm sometimes requires additional information to consider your loan application. This information may include an active current account to help confirm your identity and your ability to repay the requested loan. If you are asked to provide this information but cannot provide it, Affirm will not be able to approve your loan application.
