Click here as we navigate the situation in St. Louis during the school year, we move forward with the next plan to reopen Ursuline Academy in August. [CLICK HERE](#) ON UA I can grow in a safe, faith-based and fun learning environment that helps me overcome challenges and be a well-rounded person. UA helps each student discover power by offering a wide range of academic and collaborating learning activities. Through these opportunities, a student can find his or her voice in our community. I never go a day without smiling because UA has such a comfortable and friendly environment. I proudly wear my plaid and enjoy using my video production talents to help promote UA. As a student leader, I work hard not only for myself, but also for others. My friends and family motivate me to participate in activities where I can bring my ideas to life. With our teachers having higher education of our students to continue their studies after graduation starting monday, November 2, Ursuline Academy will move to a four-day study schedule for our student population.
