Central suburban league south

Central Suburban LeagueAssociationIHSAMembers12RegionNorth Shore suburbs an IHSA recognized high school extra-curricular conference consisting of 12 public schools located in the Suburbs of Chicago, Illinois Central Suburban League Chicago North Shore. This high school of 12 relatively large high schools is among the major high school conferences in Illinois. The school closed in 1980. Maine North High School: Opened in 1970, the building closed in 1981. New Trier West High School: New Trier was dedicated to the west and east campus in 1967. Between 1967 and 1981, the west campus became its own normal high school. In 1981, due to a declining school population, the west campus was transformed into a first-class campus (1981-1985). The west campus closed in 1985. Once again in 2001, District 203 decided to open as a freshman campus, still running, except for the two schools combined. Waukegan West High School: Divided into waukegan west and east campus between 1975 and 1990. Starting in 1990, the west campus folded into the east campus. Waukegan High School: Waukegan, CSL members between 1975 and 2016 left the conference after 41 seasons to participate in the revamped Northern Suburban Conference. Waukegan competed in the conference CSL South. [14] Although the names of the departments are geographical, their makeup does not depend on the location of a school. The Northern Section includes schools with smaller ense records, while the Southern Section includes schools with larger registrations. Every two years, the official registration of the member school is used to determine departmental alignment. Northern Division Southern Division Deerfield Evanston Maine West Glenbrook South Highland Park Maine South Maine East New Trier Niles North Niles West Vernon Hills Glenbrook North Not all activities and sports section alignment take advantage. In chess, teams compete as part of the North. Chess League consisting of schools from many conferences. The Scholastic Bowl plays as a single twelve-team league. Niles North moved to CSL South for the 2016-17 season after Vernon Hills replaced former South Division school Waukegan. At this point, vernon hills, his smallest record at the conference, was placed in the North Section. For the 2019-2020 season, Glenbrook North and Niles North will change divisions due to a league switch. History dates back to the founding of the Suburban League in 1913, when Evanston and New Trier were founding members. The league had some fluid membership in a few decades. With the chicago suburban population growing (and with it the number of high schools growing), schools left to attend new conferences such as the Western Suburbs Conference (which began in 1922), Northwest Suburban (which began in 1925, later became the Northern Suburbs Conference and the Central Suburbs Union), and the South Suburban League (which began in 1950). Leaving more schools (and new suburban schools without attending more geographically sensible conferences), the Central Suburban League was founded in 1965, the last major conference to have carved into the old Suburban League. The suburban league's last remaining stronghold began to join other leagues and ended after the 1974-1975 school year. As of the end of the 2007-08 academic year, CSL's past and present schools had won 233 state championships in various IHSA sports and activities. They finished second 261 times. About half of them (105 state championships and 113 state runners-up) were won by New Trier (or two schools where it was divided for a while, New Trier East and New Trier West). Evanston added 47 state championships and 49 second-place awards. The league has continued steadily since Niles North's return to the league in 1991 (excluding the reorganization of the division). [15] In Winter 2016, CSL Athletic Directors voted 7 to 5 to reorganize a division. The system includes recording and athletic success in determining partition placement. Points are counted every three years and the top six teams are in the Southern Division and the other six are in the Northern Group. Before 2016, episodes were determined only by recording. Glenbrook North and Niles North will be the first schools to change divisions in the 2019-2020 season. [16] Timeline 1965 – CSL is established by Deerfield, Glenbrook North, Glenbrook South, Maine South, Niles North and Niles West. 1967 – Maine West joins the league, as did the newly opened New Trier West. 1971 – Maine North joins. 1972 – Highland Park and Niles East join from the Suburban League. Maine East attended the Western Suburbs Conference. It's the first year there's two allies at this conference. 1974 – Maine North 1975 – Suburban League draws, Evanston, New Trier East, Waukegan East and Waukegan West join. 1979 – Niles North leaves the league. 1980 – Niles East closes. 1981 – Combine the new Trier East and West into New Trier Township High School. 1990 – Waukegan enters East and West Waukegan High School. 1991 – Niles North re-joins the league. [15] 2016 - Waukegan leaves the conference; Vernon Hills is joining in their place.
