Dr. Anse has two sons with his beloved and late wife, Helen.My review: This book gives the reader a better understanding of basic theology. My husband plans to use it for help with the various courses he will take in the seminar. To that end, it would be a big reference point for you, but it can also help the strata person understand their Bible learning much more. The points of reference listed are as follows Biblical theology, systematic theology, historical theology, dogmatic theology and contemporary theology. Each has a definition of their own type of theology and a background of each appears as well. For me the book was not thorough enough but the author gives you a list of items to provide for further research on each doctrine. A basic overview of each theology is given with a brief explanation. Biblical theology was my favorite part of the whole book because it gave a deeper explanation to different messengers from the Bible and much more. This is an expanded and updated version of a book that has sold more than 125,000 copies. If you wish to purchase a copy of the book you can do so at this link.**Disclosure** This book was sent to me free of charge for my honest review from the MP newsroom. ...
